## Sign Up

Step  
1

Your HootSuite dashboard gives you a quick glimpse of the recent activity on each of your social media profiles.

There are a number of things you can do to extend your HootSuite account and make it useful for you; the following options will help you get started:

## Add Your Social Networks

Step  
2

The ability to monitor and manage several Twitter profiles from one centralized location is great, especially if you're managing a personal profile and other profiles for your company, blog or website.

Add your Twitter, Facebook, Myspace, WordPress or Ping.fm accounts to your HootSuite Dashboard.

## Invite Team Members

Step  
3

The Invite Team Member feature allows you to create multiple users on your HootSuite account. This is particularly useful if your part of a team that manages a professional social media profile.

Once a user is created, each can be assigned to any or all of the profiles on the account.

## Setup your RSS Feeds

Step  
4

This tab allows you to send automated Tweets when your RSS feed is updated. This feature is also great for bloggers who want to send a Tweet out announcing their latest blog post.

To add your feed for auto-Tweeting, simply click the Add Feed button and fill in the requested information.
