

The Committee of the DuPage County Building & Construction Trades Council on behalf of the members of the DuPage County Building & Construction Trades Council

WHEREAS, the DuPage County Building & Construction Trades Council recognizes the urgent needs of the construction unions to train and maintain the most highly skilled, highly trained workforce capable of meeting the needs of the industries in which we serve,

WHEREAS, the institution of registered apprenticeship programs has proven over millennia to be the most effective method for the transfer of traditional knowledge and skill from one generation to the next,

WHEREAS, registered apprenticeship is the proven vehicle to incorporate training on new and emerging technologies for the apprentice and the journeyman that will secure America's future ability to sustain the rebuilding and maintenance of our infrastructure in an increasingly competitive global marketplace,

WHEREAS, recent U.S. economic circumstances and institutional education focus have created a generational gap in the numbers of trained, available and future journeyman to supply the immediate, short and long term needs of the building and construction trades,

WHEREAS, registered and graduate apprentices understand the perseverance, technical aptitude, and team work required of the construction workplace as they strive each day to become more knowledgeable and capable through structured related technical training and on the job instruction,

Therefore, I, Joseph Riley, President of the DuPage County Building and Construction Trades Council, call upon all local unions and their industry partners to take measure of their current and future skilled workforce need during

**NATIONAL APPRENTICESHIP
AWARENESS & APPRECIATION WEEK
NOVEMBER 15 – 21, 2021**

I further call upon all the Building & Construction Trades Partners to recognize the purpose and value of registered apprenticeship training and pursue industry awareness and expansion.

In Solidarity,

Joseph Riley

DuPage County Building & Construction Trades Council
