Overview:

Illinois is committed to using a clear set of metrics in ensuring a customer-centered, transparent data-driven workforce system that meets the diverse needs of businesses and job seekers. The Illinois Performance and Accountability System (IPATS) is the foundation for informing aligned and integrated service delivery approaches that focus on continuous improvement and innovation. The dashboard is set up to follow the flow of customers through the life of a program. It uses color coding to identify customers moving forward in green, customers who might have warning signs in yellow, and customers who need immediate action in red. All blue underlined counts are clickable and linked to customer lists. Data is input, managed, and maintained in IWDS, and it remains the system of record. IPATS will update based on data input into IWDS using the syncing timeframes identified in the footer.

Data Source:

This information is brought to you by the Illinois Workforce Development System (IWDS) and Department of Commerce and Economic Opportunity Office of Employment and Training. It is only available to authorized users but is intended to promote transparency of IWDS data. All IPATS dashboard data is synced on a nightly basis. The data displayed is to serve as a reporting and management dashboard for tracking state workforce assistance program activity and outcomes. This data will not be provided to outside parties or used to report to the Department of Labor as certified performance outcomes. Reporting will remain with each agency and be reported via their respective systems of record.

IPATS Dashboard

Dashboards provide real-time data showing where customers are in the intake/eligibility process all the way up through program completion. Partners can use the data in the dashboard to access filtered lists of customers for easy access to customer program information.

Section/Definitions Column: Includes sections/components of the program. The  icon provides a definition for the item in the section. Color-coding is used to identify customers who need action (or are in-process), successfully completed, or did not complete (withdrew). The definitions are listed in the sample below.

Count column: These links provide access to individual customer information; the column count links are available for Super User, State Level Users, LWIA System Administrators, and Career Planner roles.		
Section and Definitions	Icon	Count
1. Topic		
<u>White Color Code</u> = FYI only. No action is needed. 		2
<u>Yellow Color Code</u> = Action is needed. 		2
<u>Red Color Code</u> = Red flag -Immediate action is needed. 		2
<u>Green Color Code</u> = This step is complete or meets a program requirement. 		4

IPATS Dashboard

- **Blue linked numbers** in the dashboard are **clickable**. A list opens with the names of the specific participants that are included in that dashboard number.
- **Breadcrumb trail** at the top of the page will indicate what data you are looking at.
- Hover over an **info bubble** for additional information on what each specific row represents.

Select Filters Include:

- **Program Year & Quarter** – Users can filter data down to look at specific program years and quarters. Use the info bubble to see how data is calculated by PY.
- **Title** – I, II, III, IV-- *Only Title I is currently hooked up to pull data*
- **Workforce Program**
 - All
 - Adult (LWIAs)
 - Dislocated Worker (LWIAs)
 - Youth (LWIAs)
 - Other (LWIA 90)
- **Organization** – Users can only access LWIA's they have been granted access to.
 - **LWIA 1 – 26** for Workforce Programs: Adult, Dislocated Worker, Youth

Additional options include:

- Users may select the **globe icon** at the right of the Organization filter to help select a specific LWIA from a map.

Customer List

Click on any of the numbers in the right-hand column to view a list of customers that make up that count. Customer profiles are not linked to the data.

- This table allows additional data to be included or excluded by clicking the **icon in the upper right**.
- To return to the dashboard use the **Return to Dashboard button**.
- Lists can be **exported**.
- **Breadcrumb trail** tells you what data you are viewing.

The screenshot shows the IPATS Customer List table. The filter applied is: Filter: Title I > Adult > Statewide - DCEO > Service open for more than 6 months. The table has columns: Last Name, First Name, Organization, Certification Date, Exit Date, and workNet Center. The table displays 10 rows of customer data. A column selection menu is open on the right, showing options to include or exclude columns: Last Name (checked), First Name (checked), DOB (unchecked), Last 4 SSN (unchecked), Organization (checked), Certification Date (checked), Exit Date (checked), Exit Quarter (unchecked), workNet Center (checked), Program Type (unchecked), and Case Manager (unchecked). The table also includes a 'Return to Dashboard' button, an 'Export' button, and a 'Refresh' button. The bottom of the table shows 'Results: 1 to 10 of 41' and a 'Limit' dropdown set to 10.
