Contents

Overview:

Illinois is committed to using a clear set of metrics in ensuring a customer-centered, transparent data-driven workforce system that meets the diverse needs of businesses and job seekers. The Illinois Performance and Accountability System (IPATS) is the foundation for informing aligned and integrated service delivery approaches that focus on continuous improvement and innovation. Data is input, managed, and maintained in IWDS, and it remains the system of record. IPATS will update based on data input into IWDS using the syncing timeframes identified in the footer.

Data Source:

This information is brought to you by the Illinois Workforce Development System (IWDS) and Department of Commerce and Economic Opportunity Office of Employment and Training. It is only available to authorized users but is intended to promote transparency of IWDS data. WIOA Participant count data is synced on a weekly basis on Saturday at 11:59pm. The data displayed is to serve as a reporting and management tool for tracking state workforce assistance program activity. This data will not be provided to outside parties or used to report to the Department of Labor as certified performance outcomes. Reporting will remain with each agency and be reported via their respective systems of record.

WIOA Participant Counts

The purpose of this tool is to provide an overview of New and Total WIOA participants and exiters at the statewide and local levels. It provides the ability to see week by week counts of new and total participants ranging back several years.

Accessing the tool

To access the tool, click the drop-down arrow next to Data Graphs and select **WIOA Participant Counts**.
## Graph View for Statewide Total Participants, New Participants and Exiters by Week

The graph view will display line graphs for the Performance Indicators listed below:

- o Statewide Total Participants Week
- o Statewide New Participants by Week
- o Statewide Exiters by Week

Additional filters include:

- **Date Range:**
 - o Start Date
  - o End Date
- **Title:**
  - o Title I

(Only Title I is currently hooked up to pull data.)

Clicking on the three horizontal lines will display the following options to choose from.

Hovering over a dot on a line in the graph will display a specific date during the date range selected. Clicking Adult, Dislocated Worker, or Youth (on the right) will remove the corresponding line from the graph and turn the word grey. Clicking back on the grey word will add the line back into the graph.

Performance Indicator: New Participants by Area

When **New Participants by Area** is selected, all LWIA's are listed in the Organization filter.

To see information for a specific LWIA, click the **X** next to each LWIA that you want to remove from seeing. Select the drop-down to the right of the X to add them back.

Graph View for New Participants by Area

The N**ew Participants by Area** displays a bar graph for the new participants by LWIA for Adult, Dislocated Works, and Youth customers.
Clicking on the three horizontal lines will display the following options to choose from.

Clicking Adult, Dislocated Worker, or Youth (at the top) will remove that section from the graph and turn the word grey. Clicking back on the grey word will add the section back into the graph.
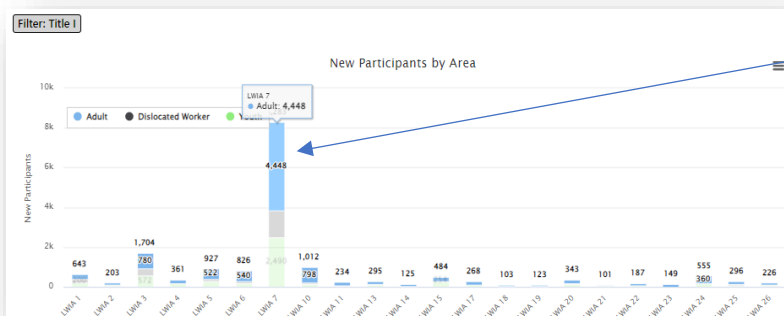

Hovering over a specific section (Adult, Dislocated Worker, or Youth) will display that section for each LWIA.

Table View

The table views for all the Performance Indicators display total counts for Adult, Dislocated Worker, and Youth customers.
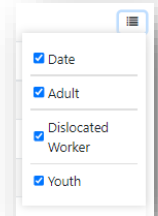

Clicking on the three horizontal lines will display the following options to choose or deselect from.
