

The Illinois workNet Career Pathways Explorer pulls in career and labor market information for the 16 Career Pathways in Illinois. Using each career pathway users can:

- Plan for high school and beyond.
- Complete job applications and prepare for interviews.
- Find out about expected number of job openings and how much a job could pay.
- Make a job change, relocate, or request a pay raise.

Embed Illinois Pathways Career Explorer Widget on Your Website

You can Access Embeddable Widgets from the Illinois workNet footer.

1. Once on the widgets page, select Illinois Pathways Career Explorer.

Illinois workNet and ISLE OER Widgets

Browse Widgets <ul style="list-style-type: none"> Guidance IOER Resource Search IOER Standards Browser IOER Library/Collections IOER Learning List Explorer workNet Related Resources workNet Service Finder <li style="border: 2px solid red; padding: 2px;">Illinois Pathways Career Explorer Event Calendar (workNet LWIA) Event Calendar (Career Clusters) IOER Full Search workNet Article Viewer 	Guidance <p>This is the page for embeddable widgets shared by both Illinois workNet and Illinois Open Education Resources. Use the menu to the left to navigate between widgets. Each page will provide you with an overview and either a code generator, or a link to the code generator page. If you need any assistance please use the Contact Us link in the footer of this website.</p> <p>If your site uses jQuery, you can add the following line above or below most widgets' iframe tags to enable automatic widget resizing:</p> <pre><script src="//ioer.ilsharedlearning.org/scripts/widgets/postmessagereceiver.js"></script></pre> <p>Tips for styling widgets</p> <p>Size</p> <p>Iframes typically default to 300x200 pixels wide--not very big. To change this, simply add some CSS. For example, use this in a style sheet: <code>iframe { width: 100%; height: 500px; }</code> Or this in the iframe tag itself: <code>style="width:100%; height:500px;"</code></p> <p>This will result in a widget that is as wide as its containing element and 500 pixels tall.</p>

2. Scroll down to the "Configure Your Own" section of this page to select which career clusters you want to display on your website and then copy the code snippet.

- Copy and paste this text for **all pathways** to show in the list when the widget is added to your website.
- If you choose to have **one or more specific pathways** showing in your widget, select the pathways you would want to show.
- After choosing specific pathways, copy and paste the text from the field directly into your website.

Configure your own:

Copy and paste the text from this field directly into your site's code:

```
<iframe src="http://apps.il-work-net.com/Pathways/pathway/?widget=true"> </iframe>
```

Optionally, you can configure these parameters:

No Preselected Career Cluster *You can default to the specified career cluster when the widget loads.*

Alternatively, you can display only a subset of pathways:

```
<iframe src="http://apps.il-work-net.com/Pathways/pathway/&widget=true"> </iframe>
```

Optionally, you can configure these parameters:

Agriculture, Food, and Natural Resources *Select one or more pathways to show in the list when the widget loads.*
