

## Overview:

Training program information is a critical component of the set-up process. This information is used to create a provider & credential list in the services/training plan section. When adding a service, you will be able to select the training provider and credential to associate with the service.

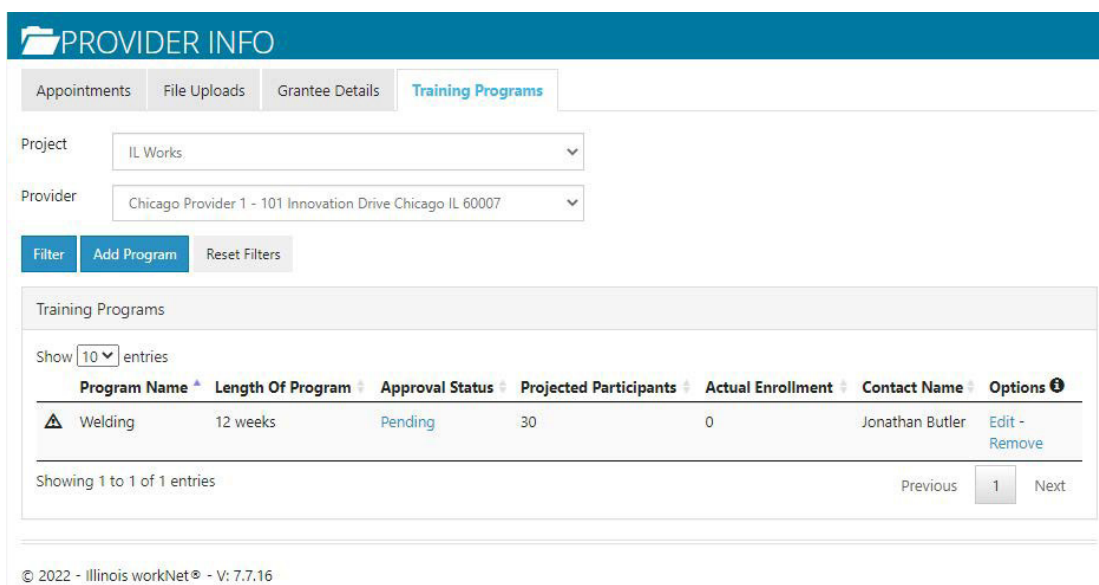

## Who Enters/Maintains Data:

**Grantee Program Administrators** associated with an agency/program in the Illinois workNet system can add/update training program information. It is the grantee's responsibility to add and maintain accurate training program information.

**Illinois Works State Level Staff** approve the program once the credentials associated with the program have been verified and all related information is complete and accurate.

## How to Access IL Works Reporting System:

1. Log into [www.illinoisworknet.com](http://www.illinoisworknet.com).
2. Select **My Dashboard** then select and go to the Partner Tools section.
3. Select **Customer Support Center**.
4. Select the **Provider Info (file folder icon)** in the top menu.
5. Select **Training Programs**. Note: If you have been provided with access to more than one project/provider, select the appropriate project/provider.

The screenshot shows the 'PROVIDER INFO' section with the 'Training Programs' tab selected. It includes dropdowns for 'Project' (IL Works) and 'Provider' (Chicago Provider 1 - 101 Innovation Drive Chicago IL 60007). Below these are buttons for 'Filter', 'Add Program', and 'Reset Filters'. A table titled 'Training Programs' displays one entry for 'Welding' with a length of 12 weeks, pending approval, 30 projected participants, and 0 actual enrollments. The contact is Jonathan Butler. The table has columns for Program Name, Length Of Program, Approval Status, Projected Participants, Actual Enrollment, Contact Name, and Options (Edit, Remove). At the bottom, it shows 'Showing 1 to 1 of 1 entries' and navigation buttons for 'Previous', '1', and 'Next'.
