Overview:

Illinois is committed to using a clear set of metrics in ensuring a customer-centered, transparent data-driven workforce system that meets the diverse needs of businesses and job seekers. The Illinois Performance and Accountability System (IPATS) is the foundation for informing aligned and integrated service delivery approaches that focus on continuous improvement and innovation. The LWIA Comparison tools serves as a transparency tool that allows LWIA’s to see where they are at in relation to the statewide numbers and other similar LWIA’s around them. Data is input, managed, and maintained in IWDS, and it remains the system of record. IPATS will update based on data input into IWDS using the syncing timeframes identified in the footer.

Data Source:

This information is brought to you by the Illinois Workforce Development System (IWDS) and Department of Commerce and Economic Opportunity Office of Employment and Training. It is only available to authorized users but is intended to promote transparency of IWDS data. The IWDS system syncs with the IPATS LWIA Comparison tool weekly (Friday night) to pull WIOA Key Indicator data. The data displayed is to serve as a reporting and management dashboard for tracking state workforce assistance program activity and outcomes. This data will not be provided to outside parties or used to report to the Department of Labor as certified performance outcomes. Reporting will remain with each agency and be reported via their respective systems of record.

LWIA Comparison

The purpose of this chart is to allow state users and local workforce areas to compare goals between the local workforce areas across the state.

Select filters including:

- **Performance Measure**
 - Employment Rate Q2
 - Employment Rate Q4
 - Median Earnings Rate Q2
 - Credential Attainment Rate
 - Measurable Skill Gains
- **Program Year** – 2016 - 2024
- **Quarter**
 - Quarter 1 through 4
 - Year to Date
- **Title** – I, II, III, IV
 - *Only Title I is currently hooked up to pull data.*
- **Workforce Program**
 - Adult
 - Dislocated Worker
 - Youth
- **Organization**
 - Statewide and all LWIAs

Add or remove performance measures or organizations in the left-hand filter section to change the views. Look at all or minimize your number of selections. Use the X to remove the selection or click the drop-down arrow to the right to add them back into your filters.

Data Display

Bar graph view:

- Data may be exported by page or all data.
- Clicking the hamburger on the right opens a menu to allow the user to view full screen, print the chart, or download graph images in JPG, PNG, SVG files, or PDF documents.
- Each performance measure selected is represented by the same color in each organization selected.
- Hovering over a performance measure will highlight it on all organizations selected.
- Each performance measure has a percentage of achievement toward the goal.

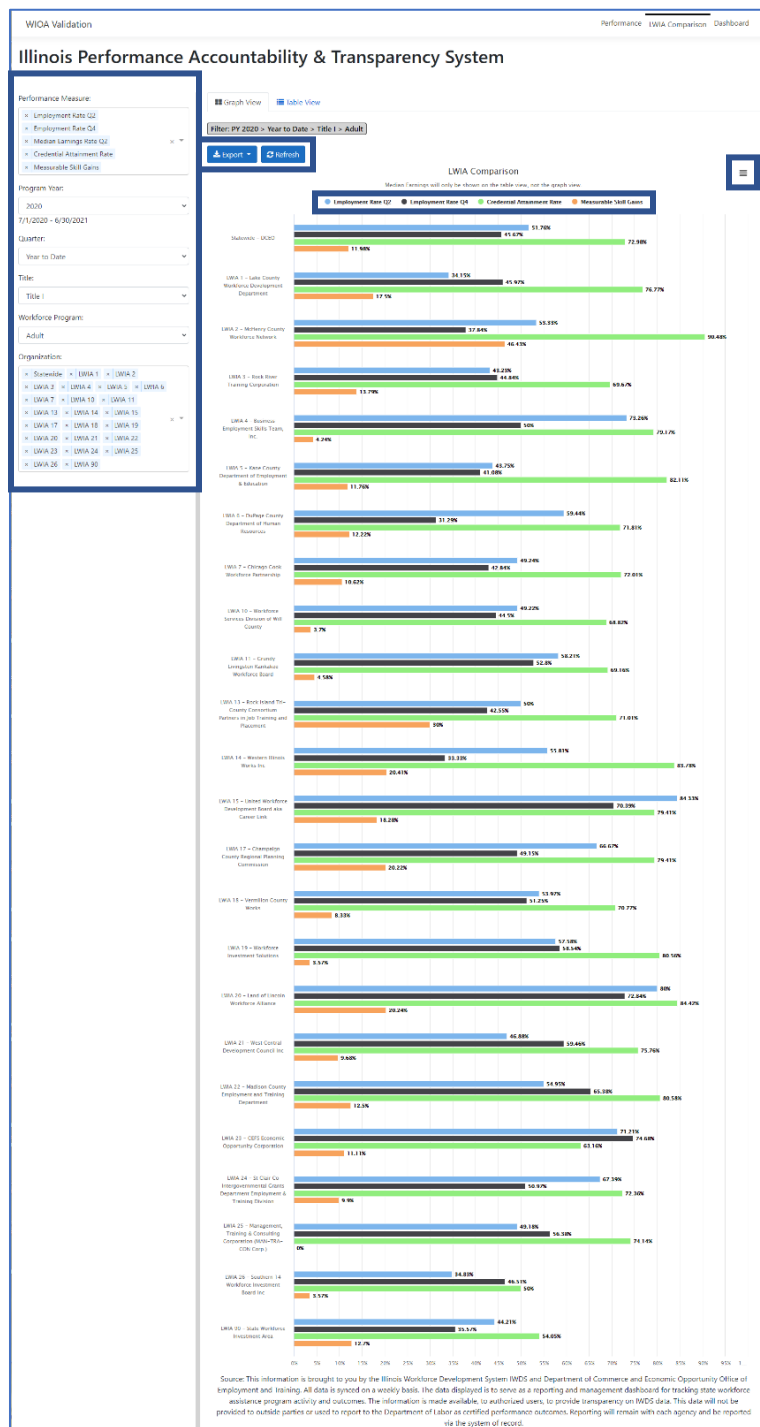

Table view:

The table view provides an overview of the percentage of achievement toward the goal for each LWIA's performance measures:

- Employment Rate Q2
- Employment Rate Q4
- Median Earnings Rate Q2 – only displayed in Table View
- Credential Attainment Rate
- Measurable Skill Gains
