On-the-Job Training (OJT) is a “hire-first” program. Employer agrees to hire, train, and retain the individual upon successful completion of the training program.

- Businesses may be reimbursed for up to 75% of the new employee’s wages and the extraordinary costs of the training.
- Workers have the opportunity to earn and learn.

How Does It Work?

OJT provides employers with a way to have new employees gain specific skills and employment competencies through supervised experience. Workers learn the processes, work tasks, tools and methods of a specific job or group of jobs in an actual work setting.

- We match qualified applicants with approved job openings.
- We work with you to design a training plan that meets your needs; you may be able to use an existing proprietary training plan.
- You get reimbursed a percentage of wages during the OJT period.
- *May support Apprenticeships.
