Verify that each participant is assigned to the correct program and agency
You can change the program enrollment by going to the enrollment, selecting a different program, DO NOT change any other boxes and click save.
Submit a help ticket if you have the wrong agency.
One help ticket for ALL wrong participants.
Check the enrollment date of customers. An application may have been submitted on a certain date, but the participant may not have been enrolled until a later date. We plan to correct the display on the customer list to enrolled date.
Go to the PPR in reports
Filter the report by Date Range - the numbers will be more accurate.
Click the number that displays - the yield will be accurate (and different from the display) based on the enrollment date and measure you are reviewing.
