## Definition of Report

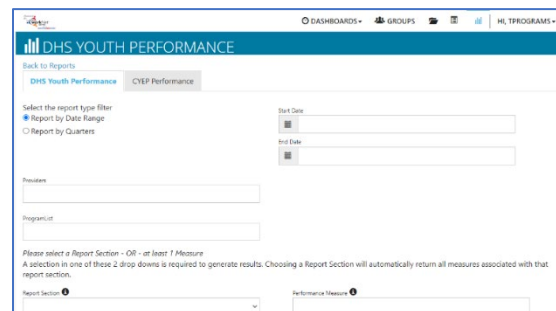

The periodic Performance Report is submitted one month after the end of the quarter. i.e. October 30 is the due date for Q1 July - September

## How to find data

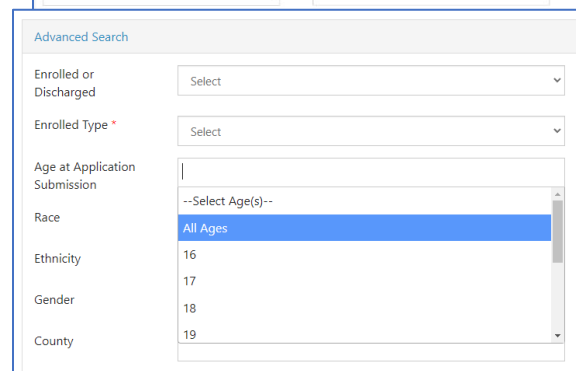

1. Access the Customer Support Center/IWIS
2. Click the bar graph icon for Reports
3. Select DHS Youth Programs
  - a. Select DHS youth PPR Report OR
  - b. Select Career Cluster Report
4. Enter date parameters
  - a. Report by Date Range – enter the specific dates.

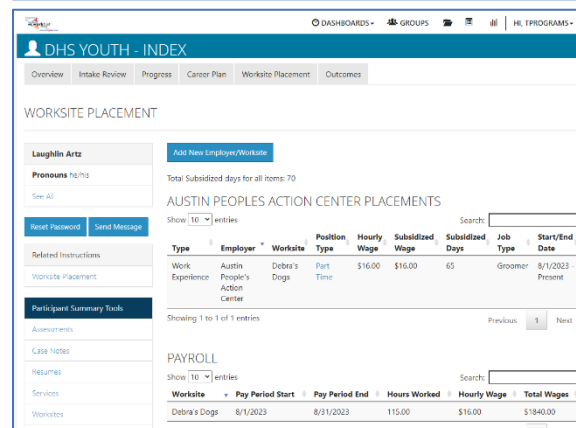

- b. Report by Quarters – Select Fiscal Year. DHS counts the year end as the FY. i.e. December 2023 would be in FY24.
  - i. Q1 July – September
  - ii. Q2 October – December
  - iii. Q3 January – March
  - iv. Q4 April - June
5. Select Provider if access to multiple – if access to only one, the report should default to agencies assigned to the partner running the report.
6. Select program – best practice is to run one program at a time, unless you need an overall count for a quick report.
7. Select the report section or a specific measure.
  - a. Report sections include: Initial Questions not in a defined section (1-2); Eligibility and Referrals; Assessments and Activities; Secondary and Post-Secondary Education; Employment Placements; Subsidies, Wages, and Incentives; and Case Closure.
  - b. Individual Performance measures – to obtain demographic information in the advanced search, select number of eligible youth enrolled in the program, then open the advanced search to select the demographic information needed for the report. Demographic items can be multi-selected or added one at a time. *Use the type ahead feature to search for a specific measure. i.e. type “average” and all measures with average appear in a selection list.*
8. Items for which a payroll average or amount is needed will be based upon payroll uploaded for the youth. To verify totals, check the Worksite Placement tab on the individual profile. For stipends paid, check the bottom section of that same tab – table entitled Stipend.
9. Report by Fiscal Year and Quarters will display a count by rolling quarter for each measure. It provides a count of the individuals reported in measures that track “average” or “total” amounts or wages or hours.
10. Report by date range will display a single count for each measure. This is where average and total amounts for hours and wages will display.

The screenshot shows the 'DHS YOUTH PERFORMANCE' dashboard. The 'Report by Date Range' filter is selected. The 'Start Date' and 'End Date' fields are visible. The 'Provider' and 'Program' dropdowns are also shown.

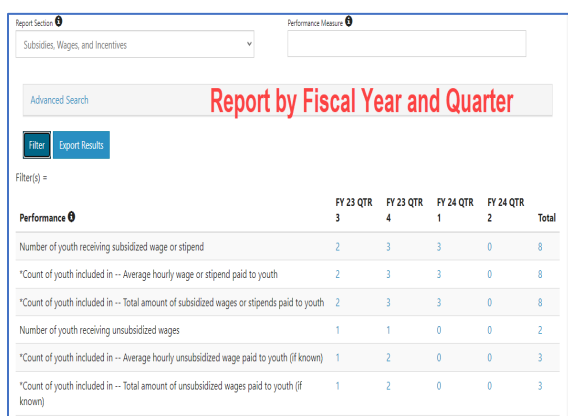

The screenshot shows the 'Advanced Search' form. The 'Enrolled or Discharged' dropdown is set to 'Select'. The 'Enrolled Type' dropdown is also set to 'Select'.
