Self-Accessed Assessment

Purpose: Skill and interest surveys are online questionnaires that help customers identify what they like to do or what they are good at so they can move toward a career choice or career change. There are no right or wrong answers. They are not timed assessments. Customers can use the results as a starting point for exploring potential career pathways.

Surveys offered through Illinois workNet include:

- **Interest Profiler**
 - Expectations: There are 180 activities. Choose if you like, dislike, or are unsure for each activity (10-20 minutes).
 - Results: Organizes interests into 6 categories of work.
- **Work Importance Locator**
 - Expectations: Group 20 statements based on how important the work aspect is to you (5-15 minutes).
 - Results: Provides scores for six work values and occupations for each work value.
- **Career Cluster Inventory**
 - Expectations: Rate 80 activities as "like very much," "like," "dislike," or "not sure" (5-25 minutes).
 - Results: Provides a graph indicating how your interests match up to each career cluster area.

Access to the Assessment and Results:

- Customers can access the assessments and saved results through their **My Dashboard**. All saved results stay with the customer's account. They can retake and save their results an unlimited number of times.
- Approved providers will be able to view saved survey results through specific program tools.
