Disability Resources

Make informed choices. Use the Illinois Disability Benefits Estimator to explore potential benefit changes when taking on a job or additional employment.

Achieve your training and employment goals! The disabilityworks step guide takes you through the steps to successfully achieve employment with resources, tips, and videos.

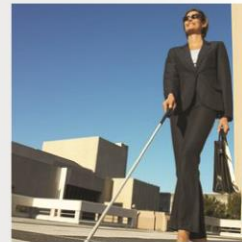

Use the resources search to find what you're looking for.

Complete the Community Services Assessment Tool Survey to help show where communities do well and where they could benefit from new efforts to improve access for individuals with disabilities.

Find a disability service location near you by searching your ZIP code.
