Population Trends

Region
Southeast

Illinois has a population of 12,812,508 and is the 6th largest state in the nation.

Counties in Region

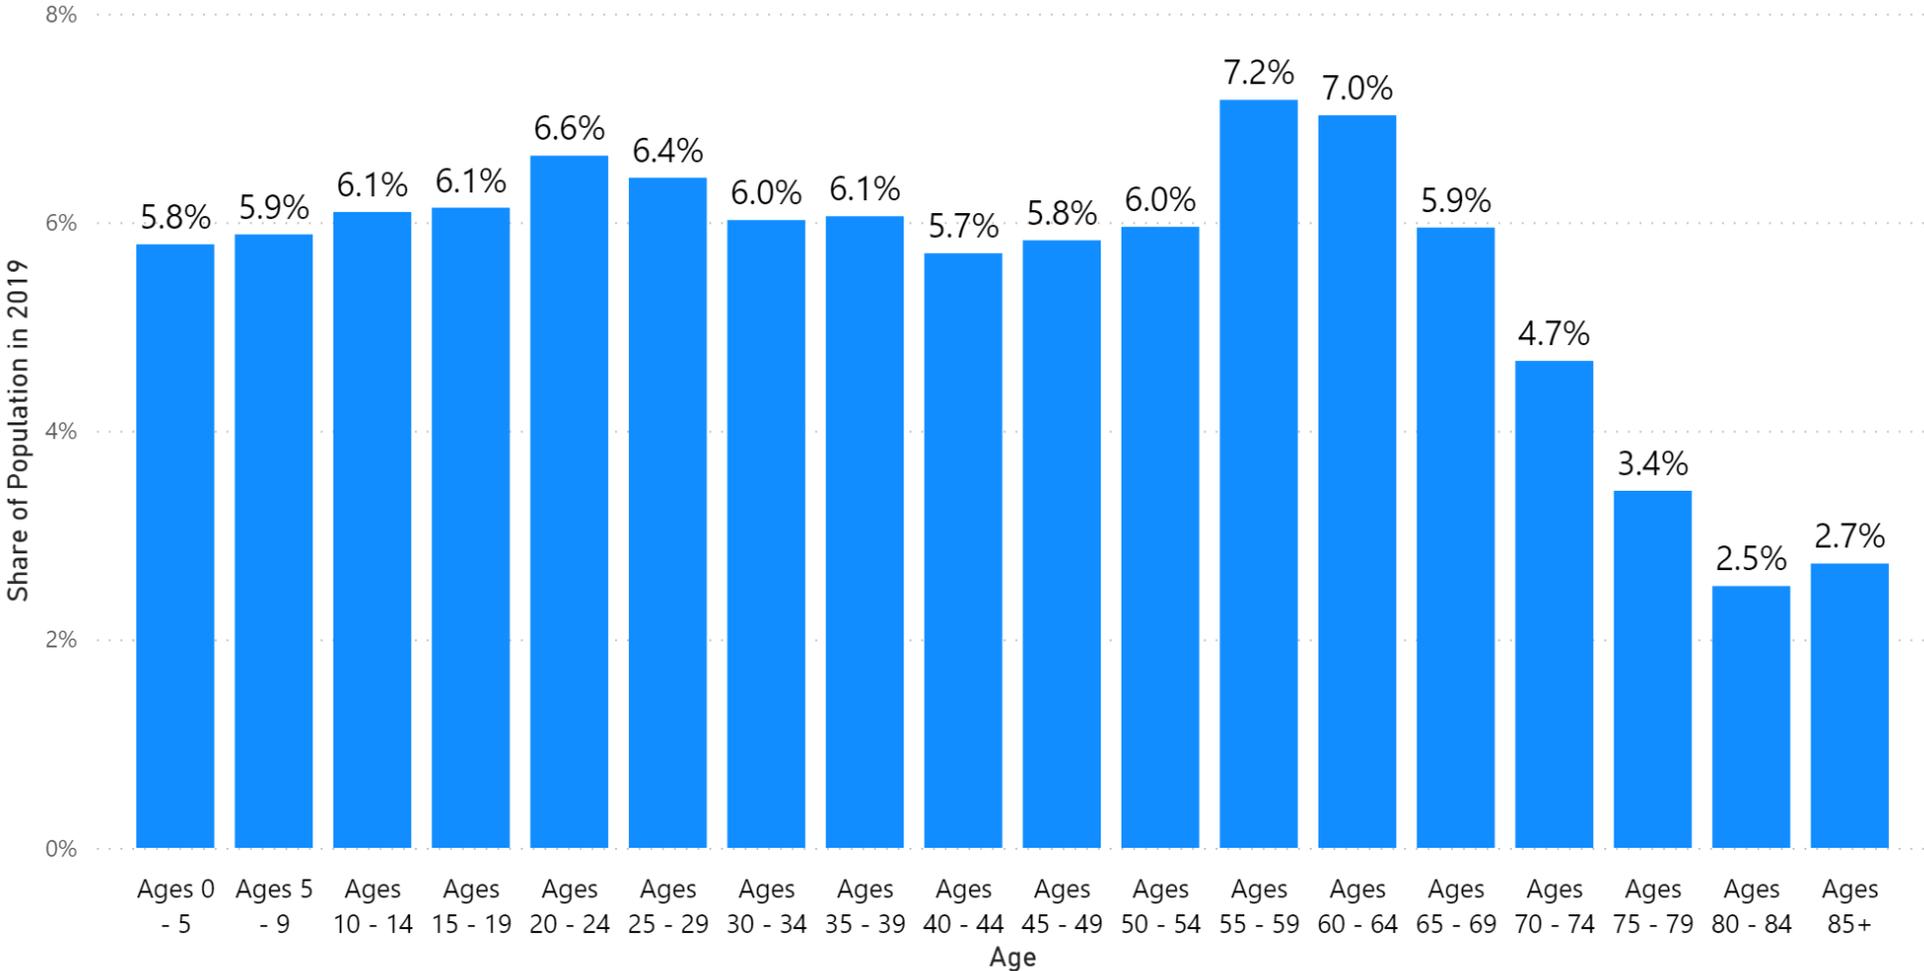

County	Population in 2020
Coles	46,863
Marion	37,729
Effingham	34,668
Fayette	21,488
Crawford	18,679
Edgar	16,866
Richland	15,813
Clark	15,455
Lawrence	15,280
Moultrie	14,526
Total	270,392

Population Trends

Region
 Southeast ▼

The median age in Illinois has been steadily increasing over the past decade. In 2019, the median age was 38.6 compared to 36.6 in 2010. Statewide, just over 16% of Illinois residents are age 65 and over.

Population by Age Group

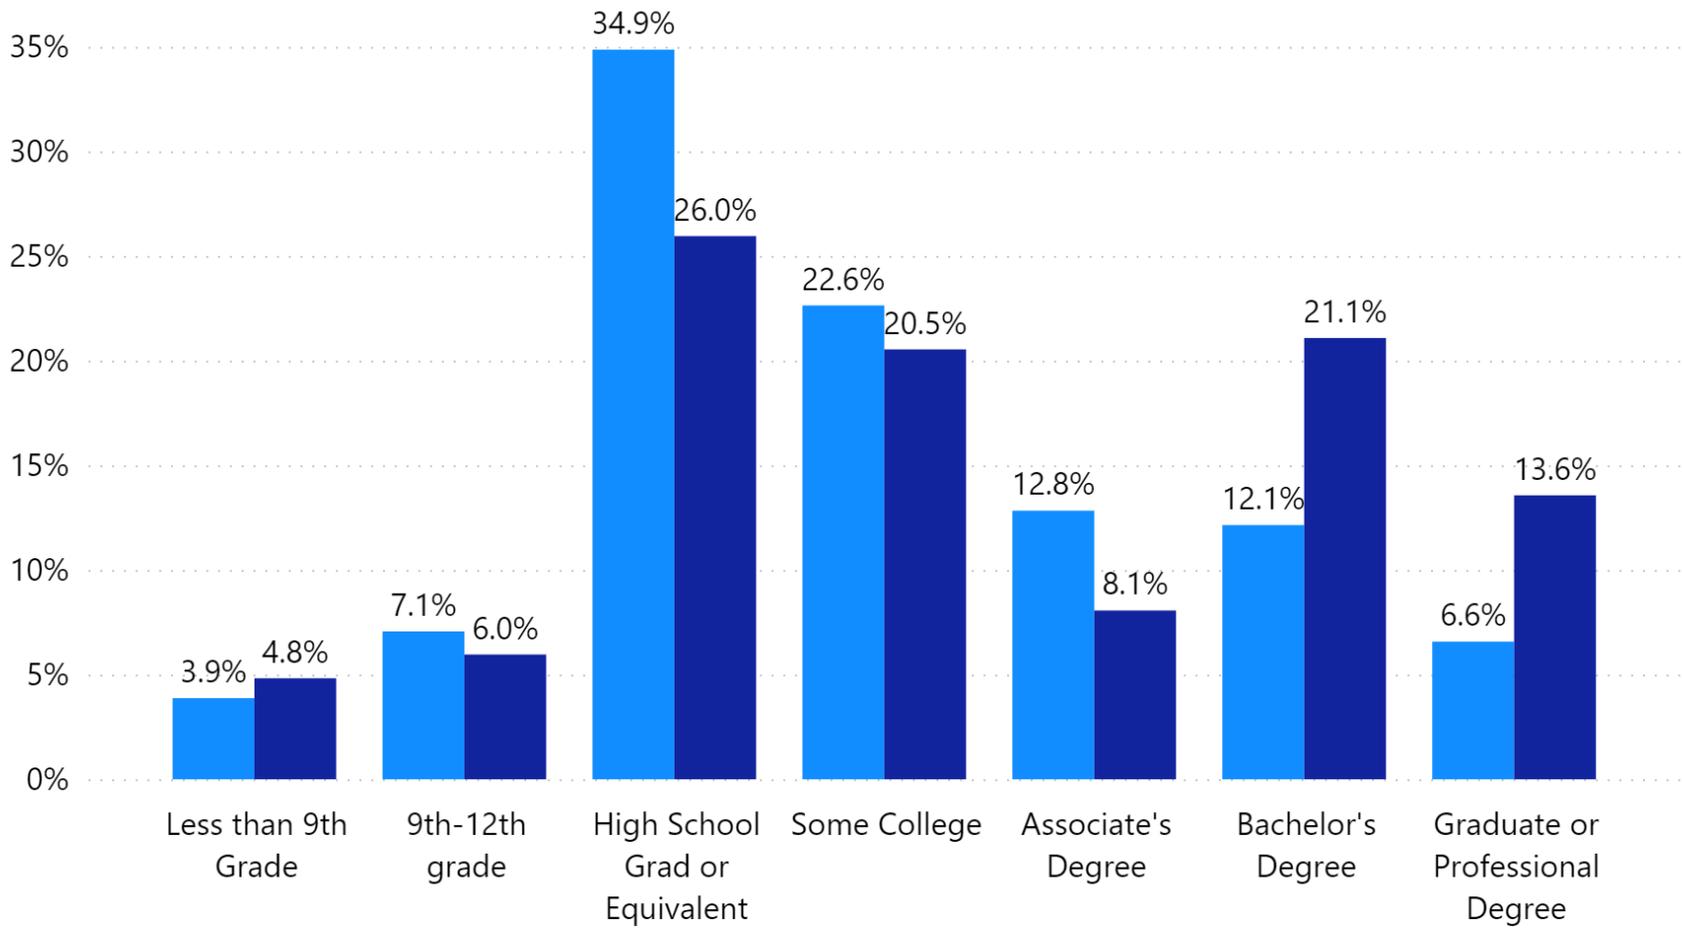

Age Group	2019 Population
Ages 0 - 5	15,839
Ages 5 - 9	16,100
Ages 10 - 14	16,688
Ages 15 - 19	16,800
Ages 20 - 24	18,165
Ages 25 - 29	17,586
Ages 30 - 34	16,475
Ages 35 - 39	16,576
Ages 40 - 44	15,604
Ages 45 - 49	15,945
Ages 50 - 54	16,298
Ages 55 - 59	19,630
Ages 60 - 64	19,225
Ages 65 - 69	16,279
Ages 70 - 74	12,780
Ages 75 - 79	9,371
Ages 80 - 84	6,870
Ages 85+	7,460
Total	273,691

Education Attainment of Population 25 & Over

Over 63% of Illinois residents 25 & over continued education past high school.

● Region ● State

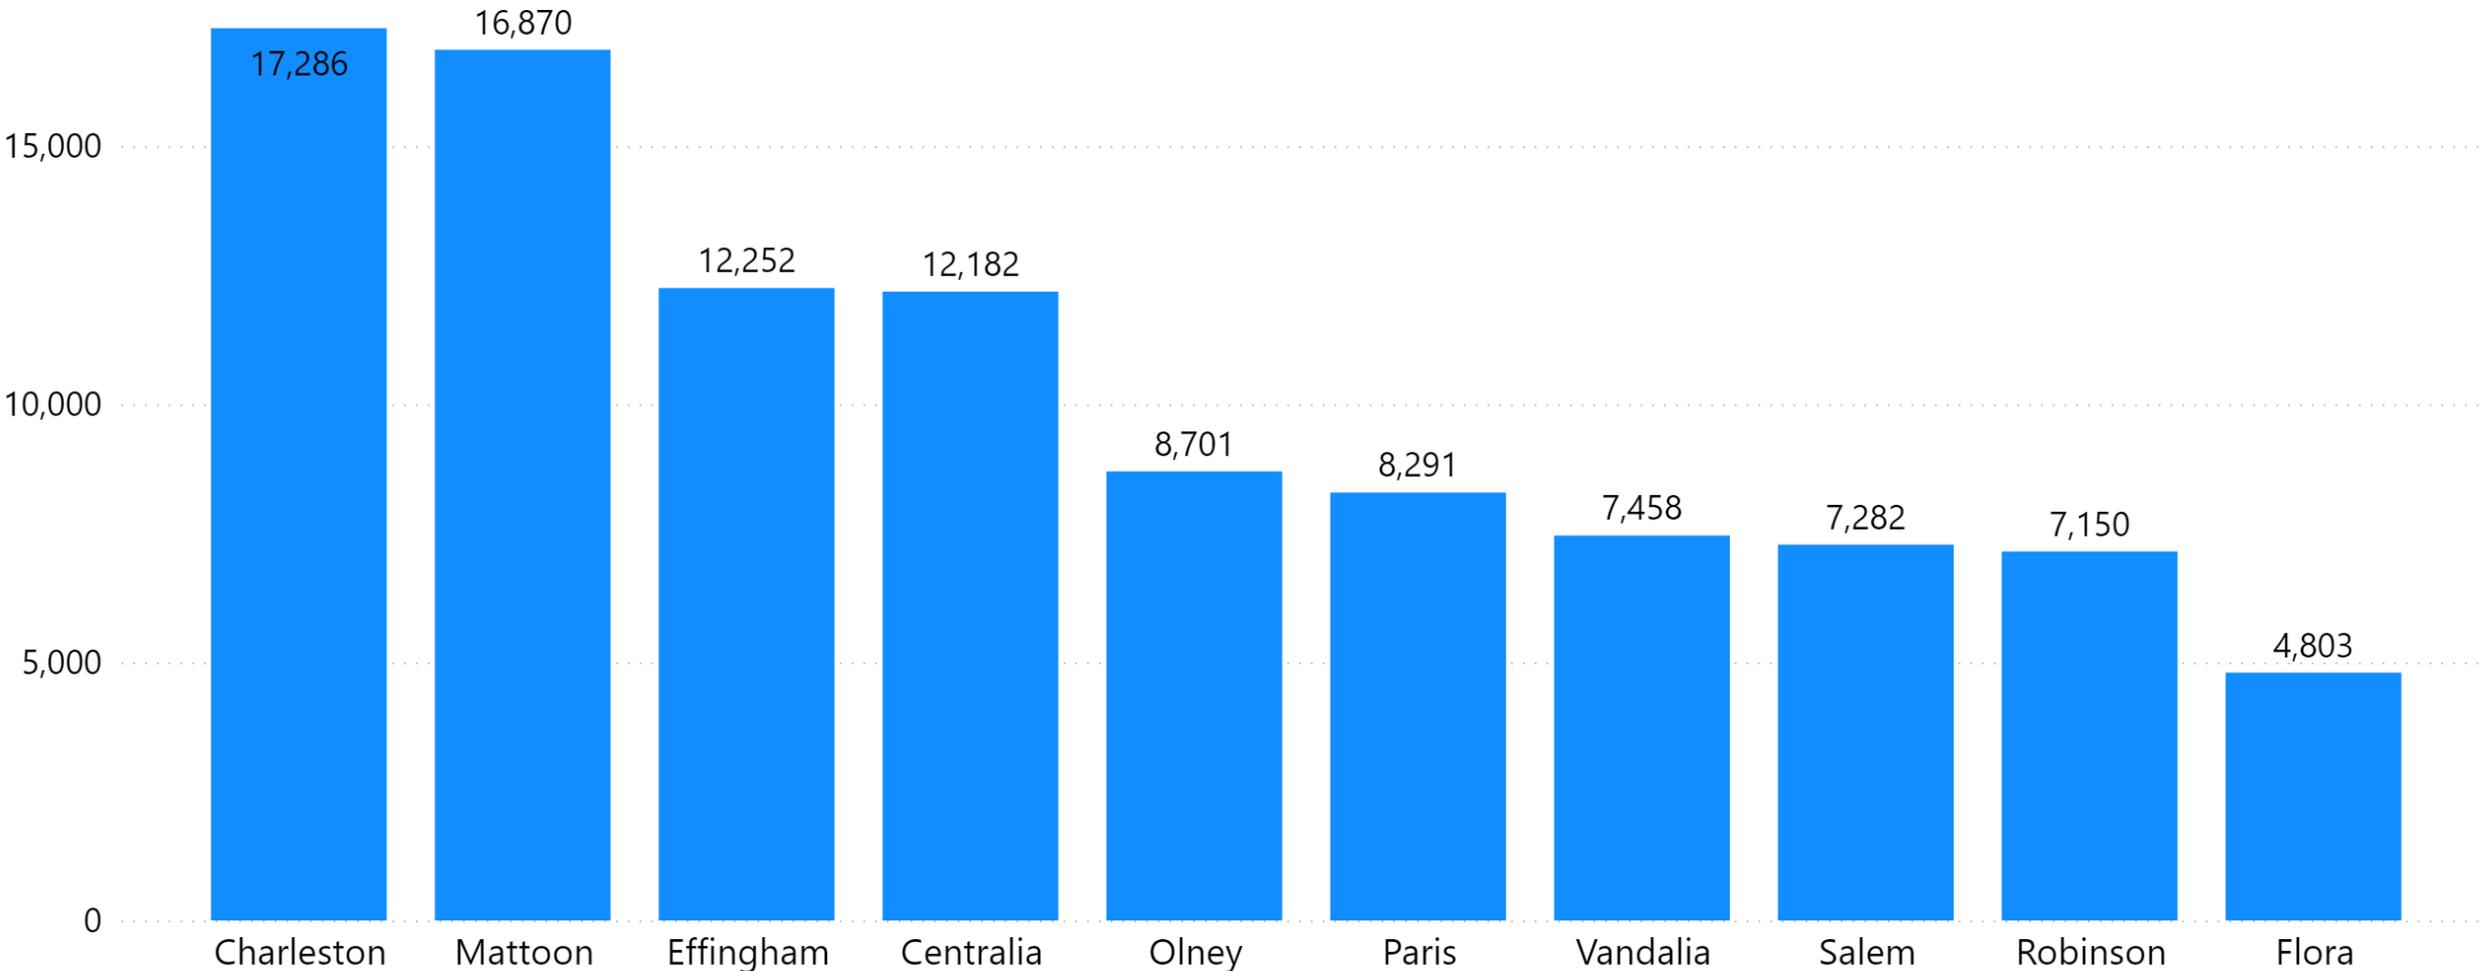

Population Ages 25+

Less than 9th Grade	7,429
9th-12th grade	13,546
High School Grad or Equivalent	66,814
Some College	43,394
Associate's Degree	24,600
Bachelor's Degree	23,278
Graduate or Professional Degree	12,605
Total	191,666

Population by Largest Cities in Region

Region
Southeast

Statewide, Illinois has a current population of 12.8 million people (4% of the US Population). The population of Illinois declined each year between 2013 and 2019, but it increased in 2020.

Source: U.S. Census Bureau, 2020 Census Redistricting Data. City-to-region crosswalk based on GIS analysis by the Center for Governmental Studies at Northern Illinois University.

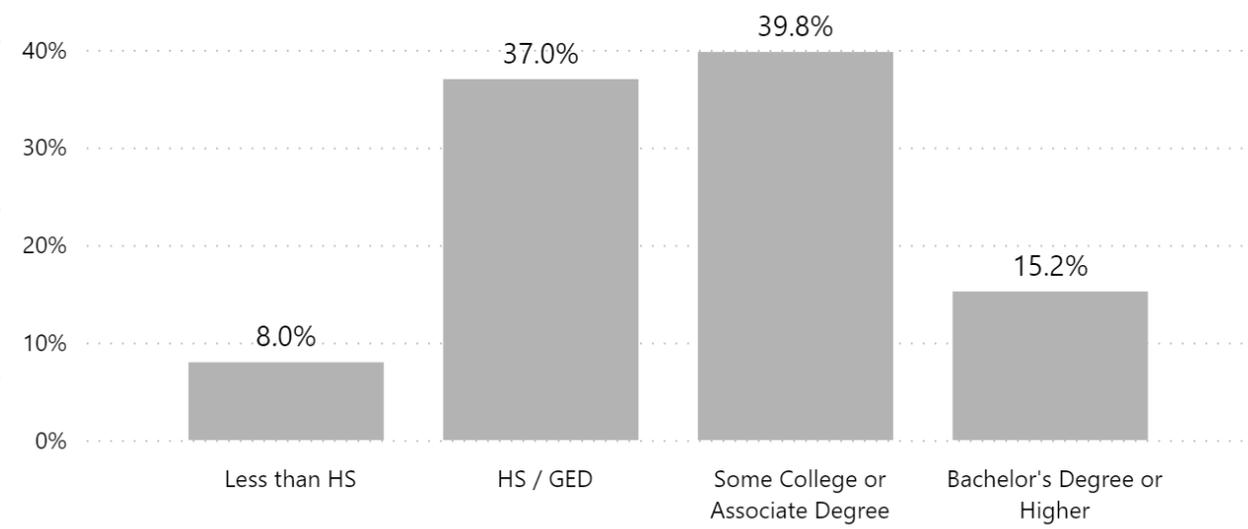

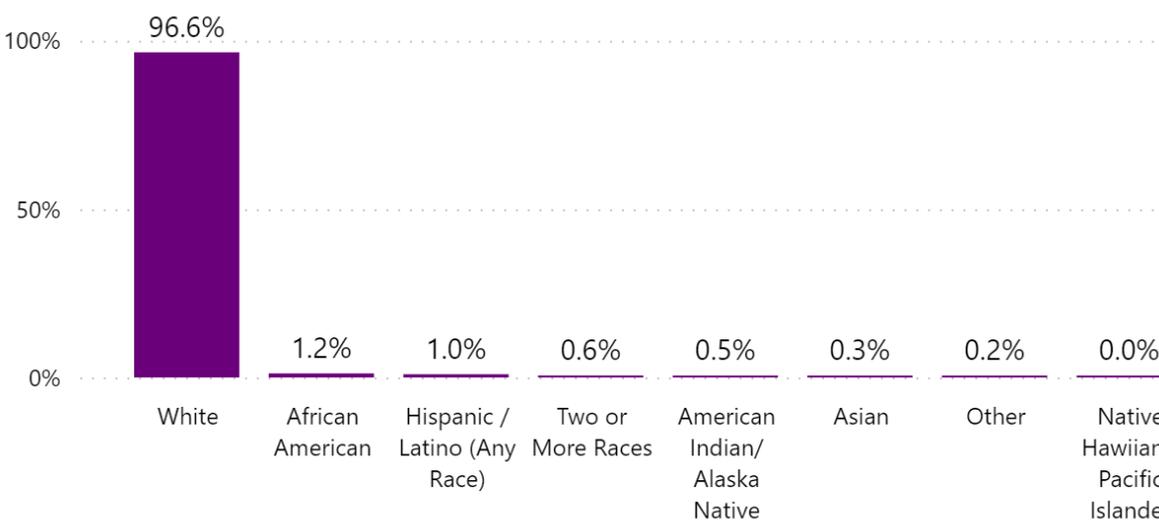

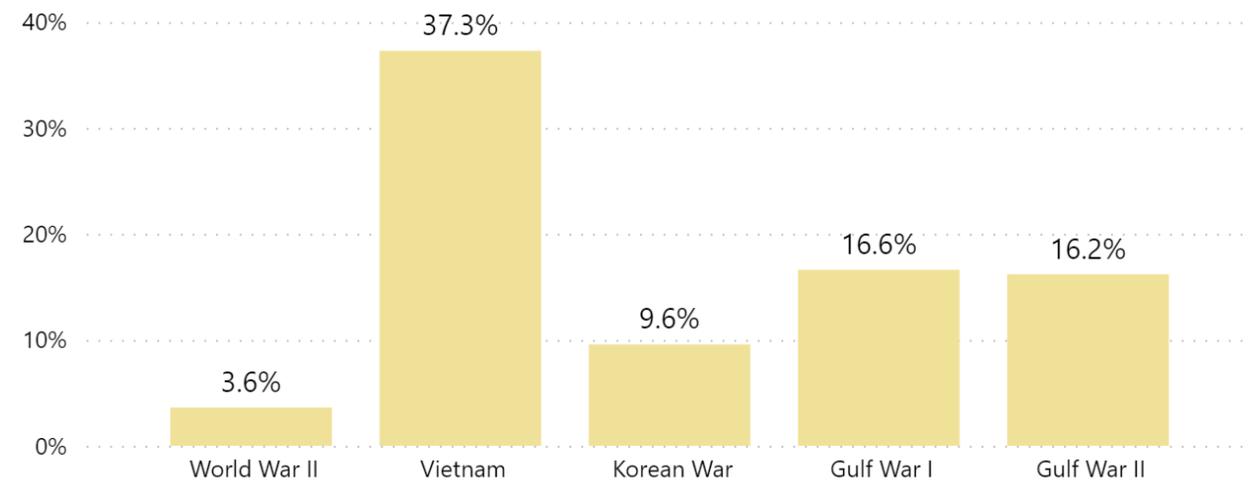

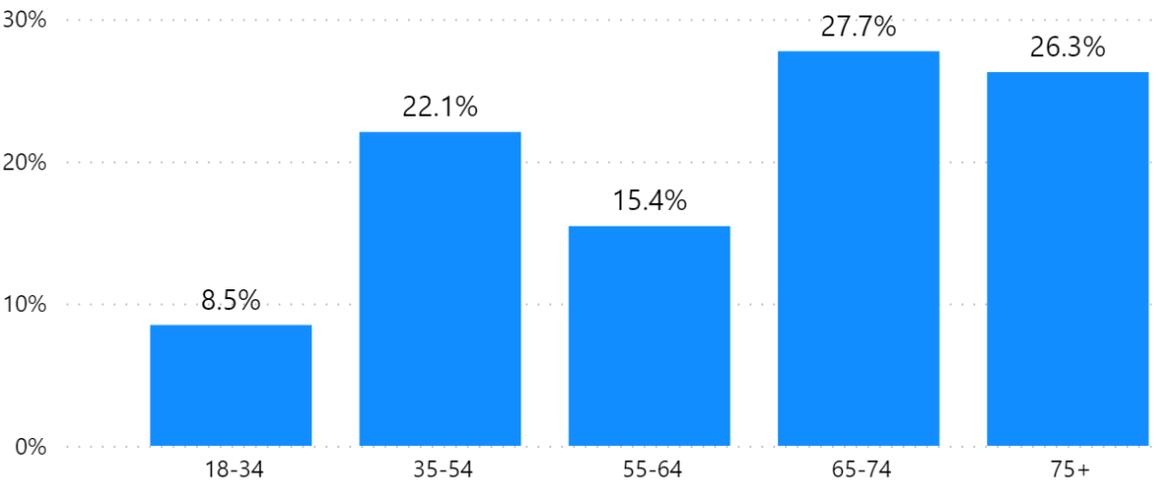

Veteran Population by Age, Type, Race, & Education

Region
Southeast

17,394

Regional Veteran Population

Statewide, there are 570,264 veterans in Illinois, which is about 4% of the total population. On the national level, veterans represent about 6% of the total population.

Source: U.S. Census Bureau, 2015-2019 American Community Survey, Table S2101.

Population with Disabilities by Age and Type

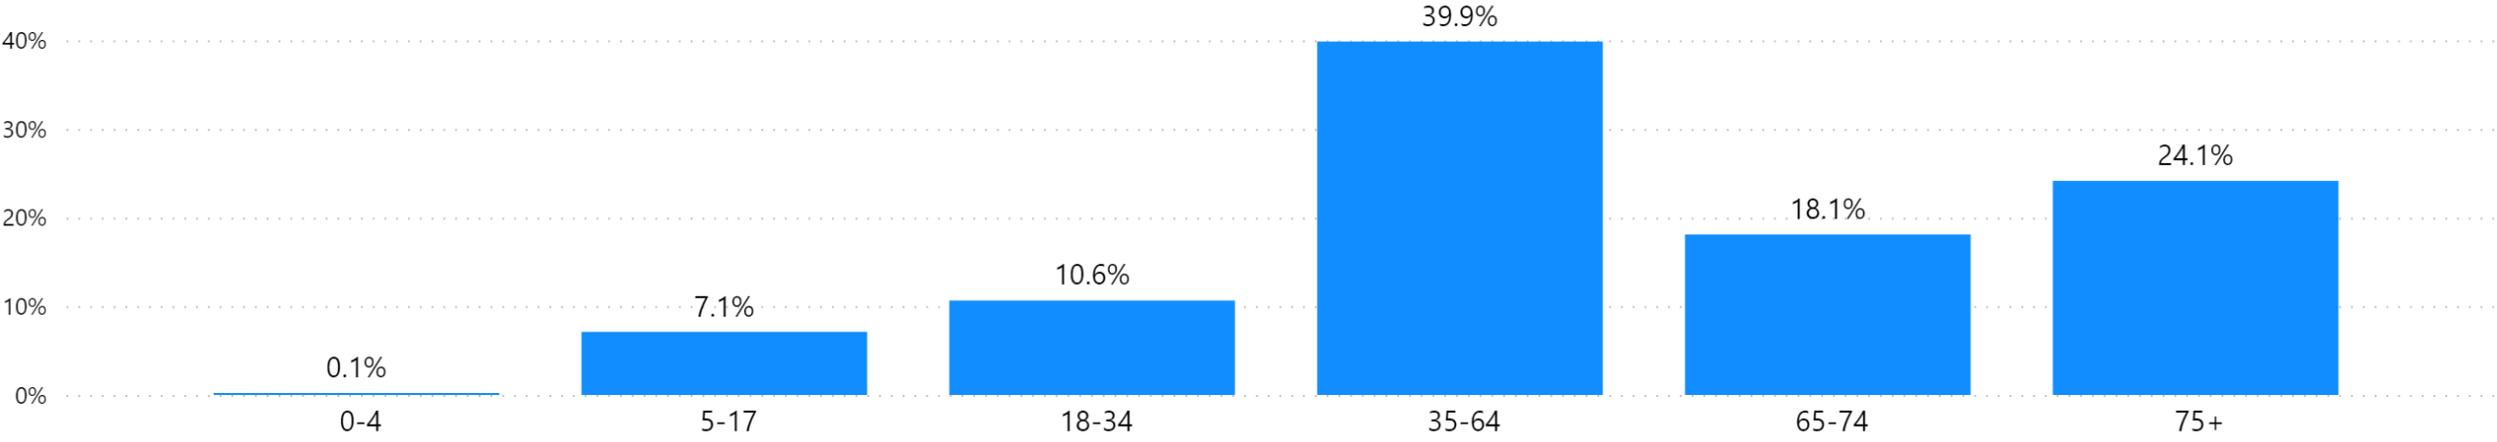

Region
Southeast

45,090

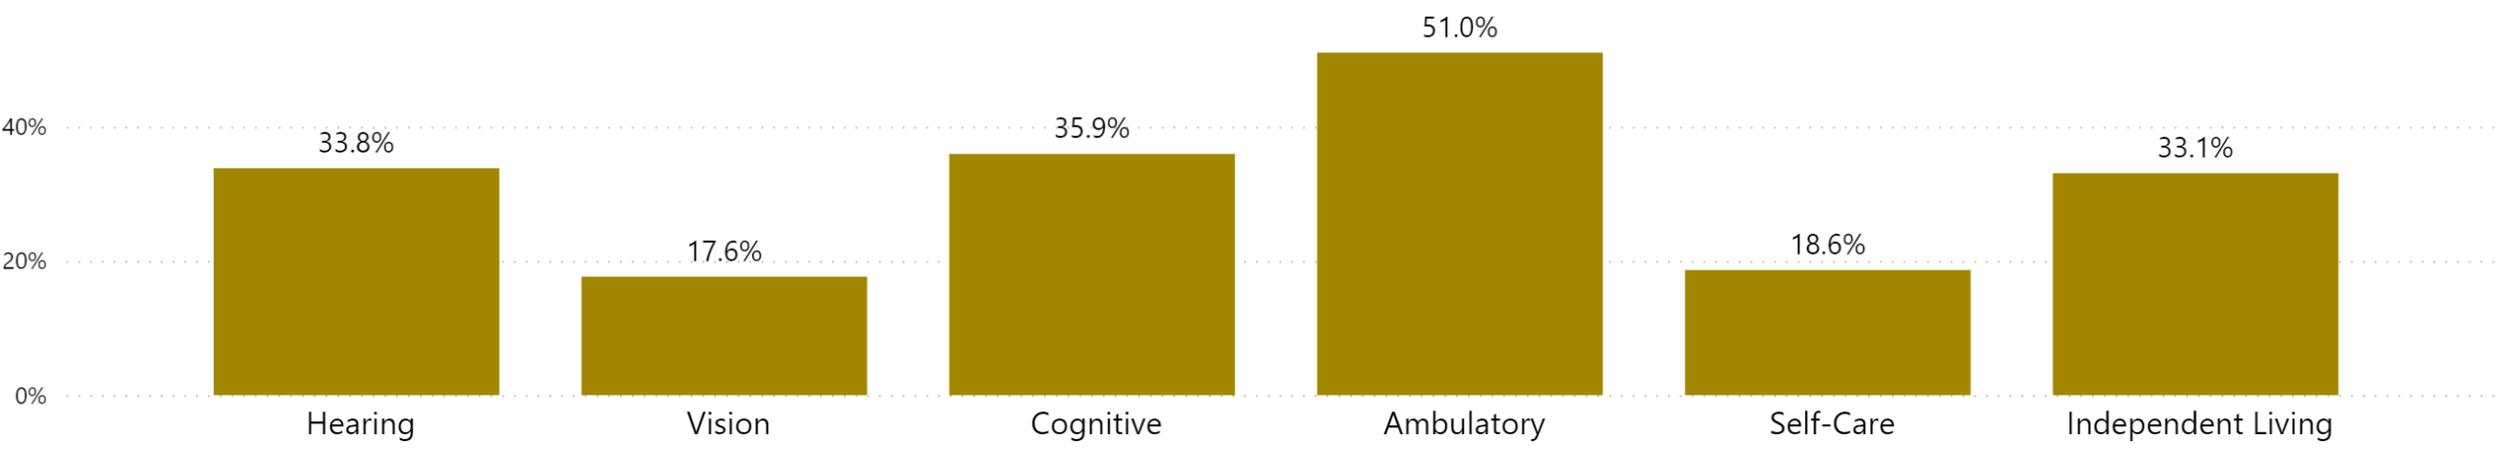

People with disabilities in region

Approximately 11% of the population (or 1.4 million people) in Illinois have some type of disability. The most prominent disabilities include ambulatory and the inability to live independently.

Share of Persons with Disabilities by Age

Share of Persons with Disabilities by Type*

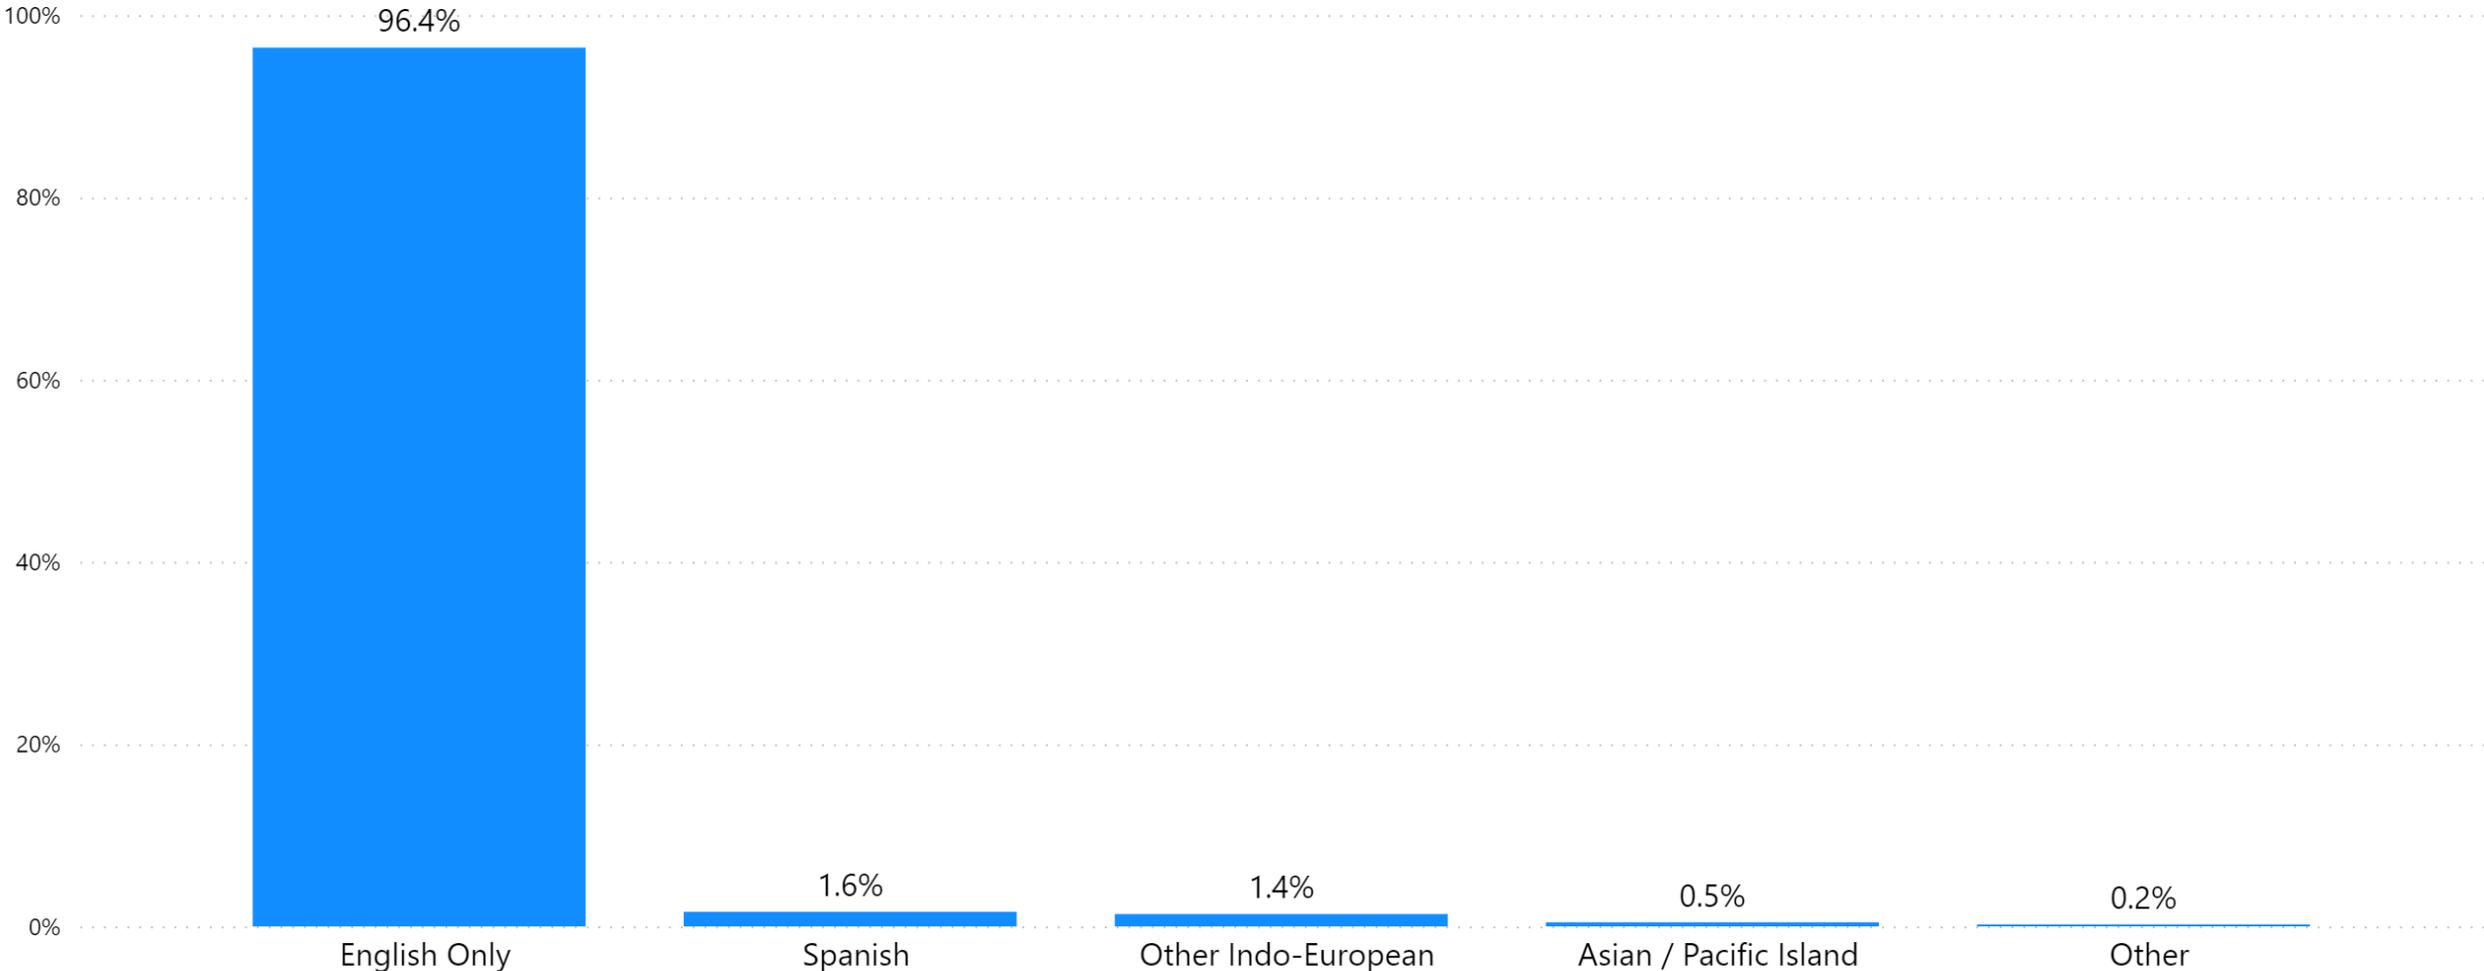

*Sum of percentages can exceed 100 due to persons with multiple disabilities.

Population by Language

Region
Southeast

Statewide, 23.1% of Illinois residents speak a language other than English at home. On the national level, 21.6% of the population speaks a language other than English at home.

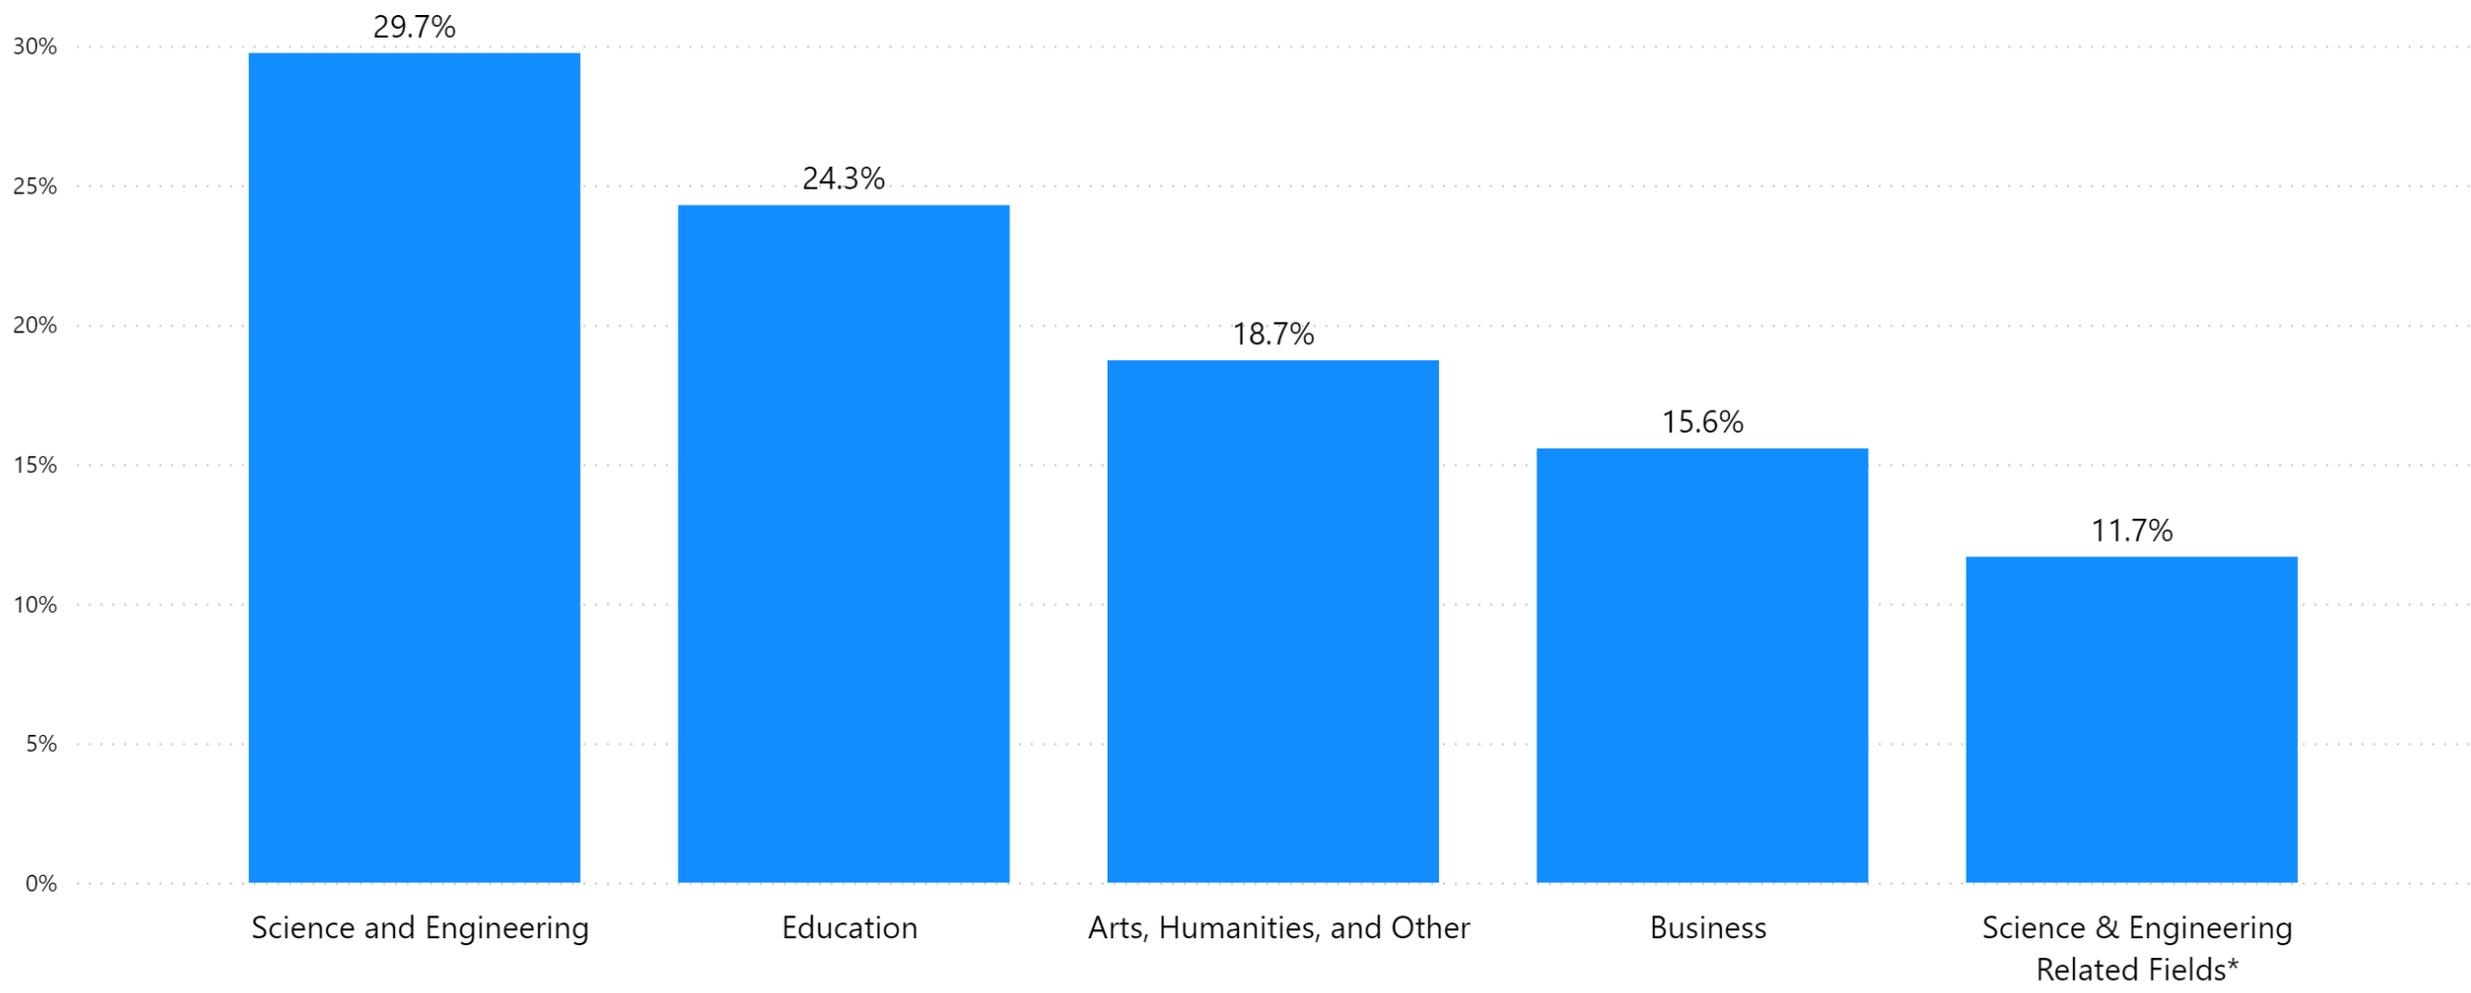

Source: U.S. Census Bureau, 2015-2019 American Community Survey, Table S1601.

Bachelor Degree Population by Field

Region
Southeast

In Illinois, 36% of individuals 25 or older hold at least a Bachelor's degree, which is higher than the national figure of 32%.

*E.g., pre-med, engineering technology.

Counts of Population Below Poverty

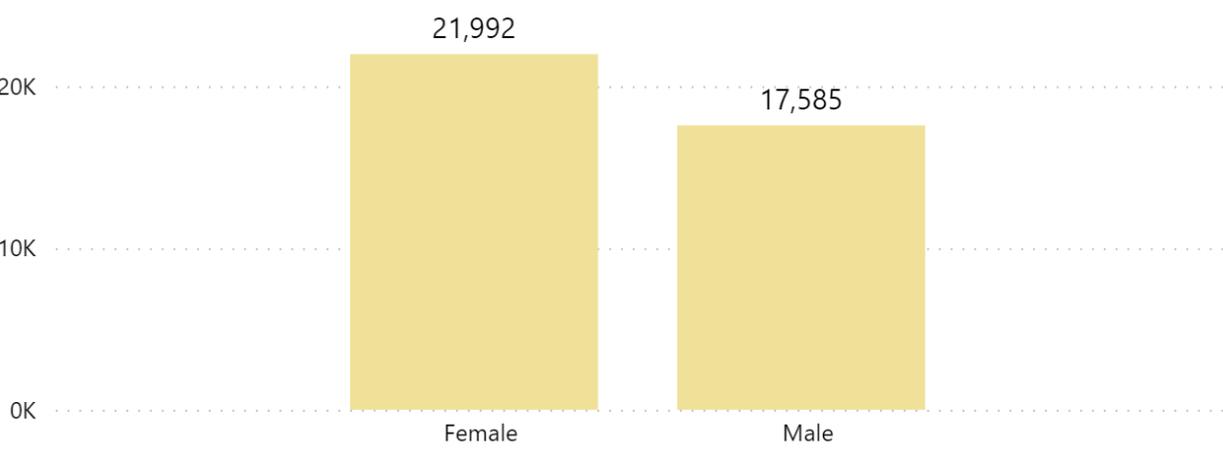

Region
 Southeast

Roughly 1.6 million Illinois residents live below poverty. Children under the age of 5 (19%), females (14%), African Americans (26%), and individuals lacking a high school diploma or equivalent (23%) are more likely to live below poverty. Approximately 12.5% of the population in Illinois are below the poverty level compared to 13.4% nationwide. About 44.6% of the population in poverty worked full-time, year round, 23.3% worked part-time or part-year, and 32.0% did not work.

Sectors, Industries & Clusters

The terms "sector", "industry" and "cluster" are sometimes a source of confusion, and can be an unnecessary source of debate among various stakeholders.

Sector describes a large segment of the economy, while **Industry** refers to a much more specific group of companies or businesses. The terms industry and sector are often used interchangeably to describe a group of companies that operate in the same segment of the economy or share a similar business type.

A **cluster** is a regional concentration of related industries in a particular location. Clusters are a striking feature of economies, making regions uniquely competitive for jobs and private investment. Adding to the confusion, the education community established a national framework of 16 "career clusters", which links programs of study to occupations with similar knowledge and skill requirements.

The table below is a standardized list of Industries from the North American Industry Classification System (NAICS) at its highest, "2-digit" sector level. Within each of these sectors, NAICS groups similar companies into ever-increasing levels of granularity, down to the "6-digit" level. The table below right shows how this works in the Construction sector, with just a partial list of more detailed codes.

Code	Industry Title
11	Agriculture, Forestry, Fishing and Hunting
21	Mining
22	Utilities
23	Construction
31-33	Manufacturing
42	Wholesale Trade
44-45	Retail Trade
48-49	Transportation and Warehousing
51	Information
52	Finance and Insurance
53	Real Estate Rental and Leasing
54	Professional, Scientific, and Technical Services
55	Management of Companies and Enterprises
56	Administrative and Support and Waste Management and Remediation Services
61	Educational Services
62	Health Care and Social Assistance
71	Arts, Entertainment, and Recreation
72	Accommodation and Food Services
81	Other Services (except Public Administration)
92	Public Administration

Codes	Titles
23	Construction
2361	Residential Building Construction
236115	New Single-Family Housing Construction (except For-Sale Builders)
236116	New Multifamily Housing Construction (except For-Sale Builders)
236117	New Housing For-Sale Builders
236118	Residential Remodelers
2362	Nonresidential Building Construction
236210	Industrial Building Construction
236220	Commercial and Institutional Building Construction
2371	Utility System Construction
237110	Water and Sewer Line and Related Structures Construction
237120	Oil and Gas Pipeline and Related Structures Construction
237130	Power and Communication Line and Related Structures Construction

There are literally thousands of 6-digit NAICS codes, which may be viewed at naics.com/search/. For our purposes, 2 to 3 digit NAICS codes provide sufficient detail.

NAICS is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy. Like all data, NAICS does have some limitations and caveats. For example, NAICS classifies businesses based on their primary activities, but a specific business may have significant activity in other sectors. For example, Wal-Mart's primary activity is a retailer, but it employs thousands of workers focused on Transportation / Distribution / Logistics at its distribution centers and in-house trucking division.

Readers are cautioned to not make assumptions on the types of businesses or occupations implied by high level groupings.

For example, the NAICS “Information” sector includes industries primarily focused on: publishing, motion pictures, broadcasting, internet publishing and broadcasting, telecommunications, data processing etc. Occupations requiring “information technology” skills are embedded in companies from all sectors. We must look beyond the Information sector to discern the full extent of the supply and demand for jobs and workers needing IT skills. There are significant numbers of tech workers spread across manufacturing, finance, government and many other sectors. Likewise, “Energy” is not a sector in the NAICS model, but energy-related industries and occupations are found in sectors such as: Construction; Manufacturing; and Professional, Scientific and Technical Services, among others.

Regional Sector Analysis

Change in Employment and Location Quotient

The following maps show the "where" for selected economic data at the regional and county levels. This view allows readers to more easily see how each county contributes to the overall economic engine in a region and how regions as a whole compare to other areas of the state.

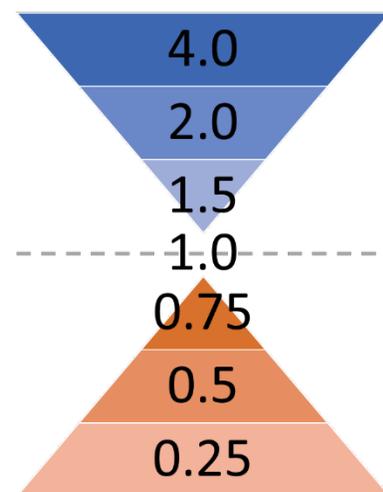

The **Employment Change** maps indicate the level of gain or loss of employment between Q4 2017 and Q4 2018. Use these maps to understand where gains and losses occurred, identify targets of opportunity where skilled workers may be in greater demand and areas which may be in need of attention.

The **Location Quotient** maps indicate counties where sector employment is most and least concentrated. The LQ value indicates how concentrated employment in a given sector compares to the nation.

A value of 1.0 means employment is in line with the overall national employment for that sector. A value greater than 1.0 means that sector's employment is more heavily concentrated here than in the nation, while values less than 1.0 indicate employment is less concentrated than in the nation. The farther away from 1.0, the greater the difference between what is happening in that county compared to the nation.

NOTE: Counties shaded black have insufficient numbers of workers to reach the federal employment reporting threshold.

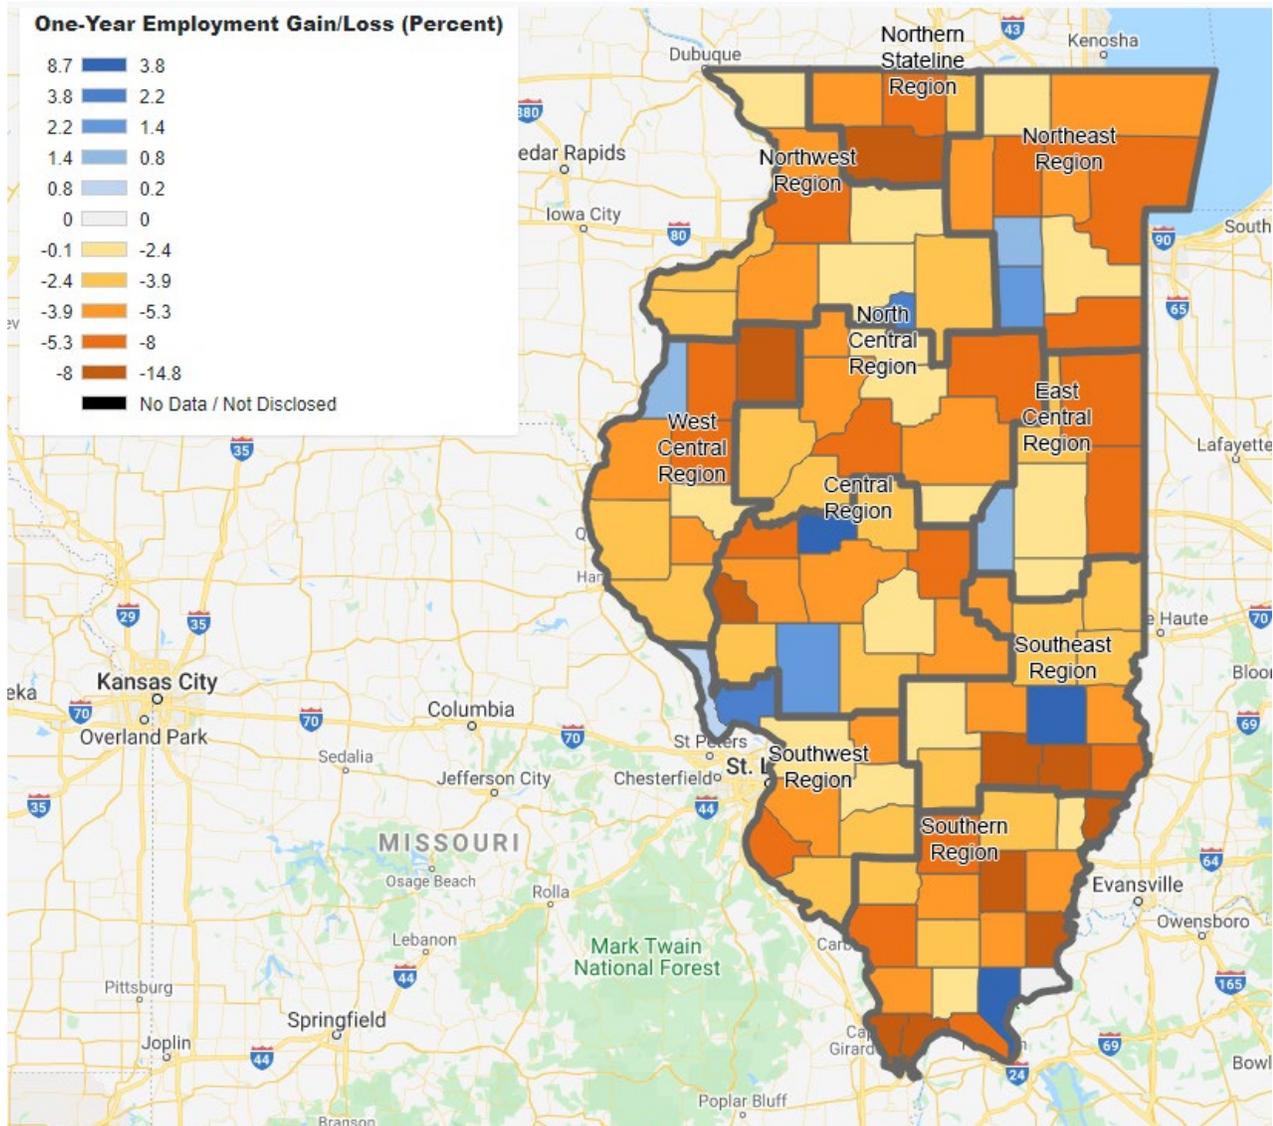

Use these maps to quickly see where sector-based employment is concentrated and the degree to which it is above or below the national level. Areas with high LQs may have an inherent advantage, while areas with low LQs may be at an inherent disadvantage for supporting a particular sector's businesses with skilled workers.

Supply Gap Analysis for Occupations Requiring a Certificate or License

Region
Southeast

The supply gap ratio is a proxy measure that provides insight on how closely supply aligns with demand for selected occupations. The calculation of the ratio is supply / demand. In this case, the supply is the number of program completions in the region associated with the occupation and the demand is the estimated number of regional job openings. A gap ratio of one indicates one completer per projected job opening. Gaps lower than one indicate more job openings than completers, and gaps greater than 1 indicate more completers than openings.

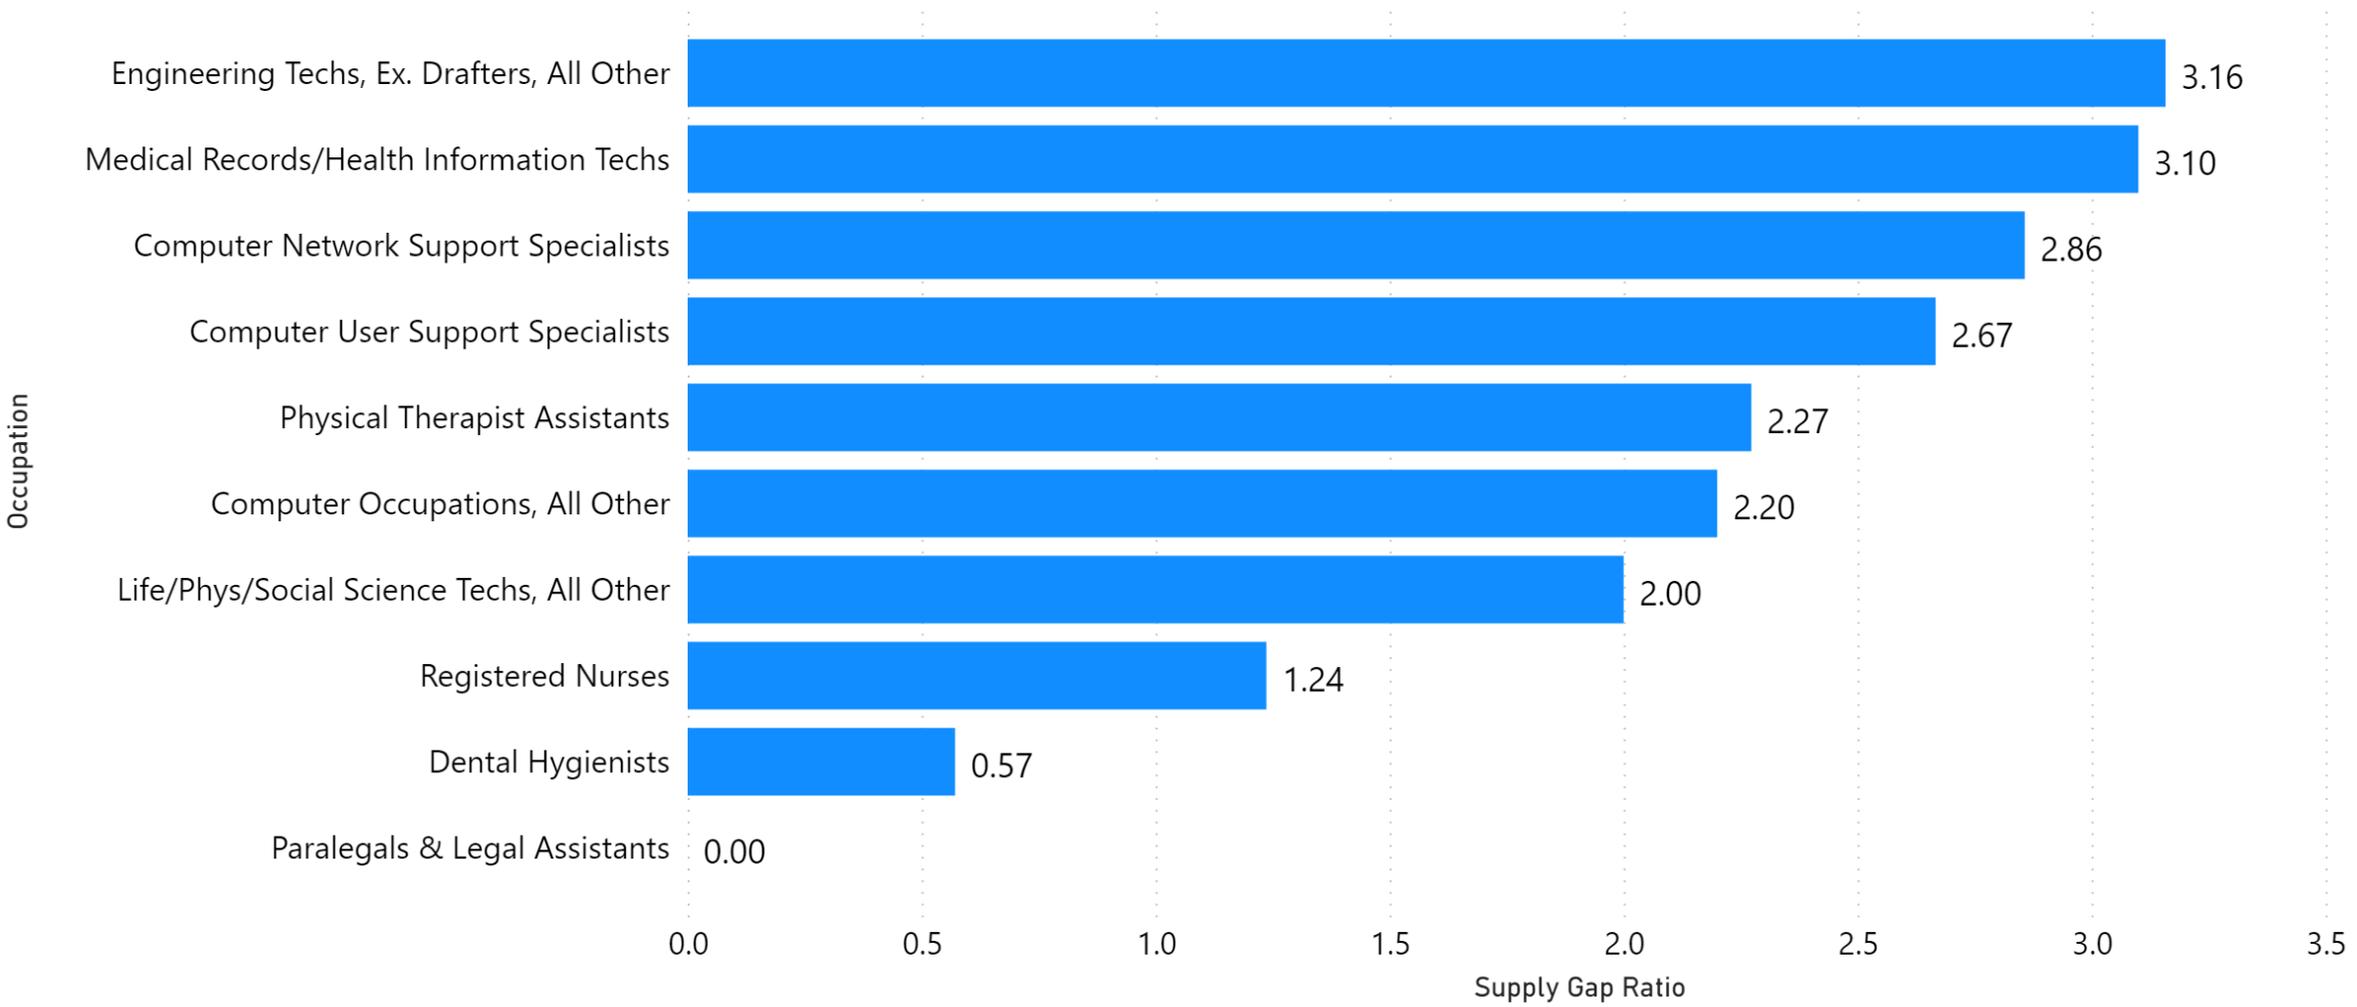

Completers do not include most apprenticeships and true OJT provided solely by employers.

Supply Gap Analysis for Occupations Requiring an Associate's Degree

Region
Southeast

The supply gap ratio is a proxy measure that provides insight on how closely supply aligns with demand for selected occupations. The calculation of the ratio is supply / demand. In this case, the supply is the number of program completions in the region associated with the occupation and the demand is the estimated number of regional job openings. A gap ratio of one indicates one completer per projected job opening. Gaps lower than one indicate more job openings than completers, and gaps greater than 1 indicate more completers than openings.

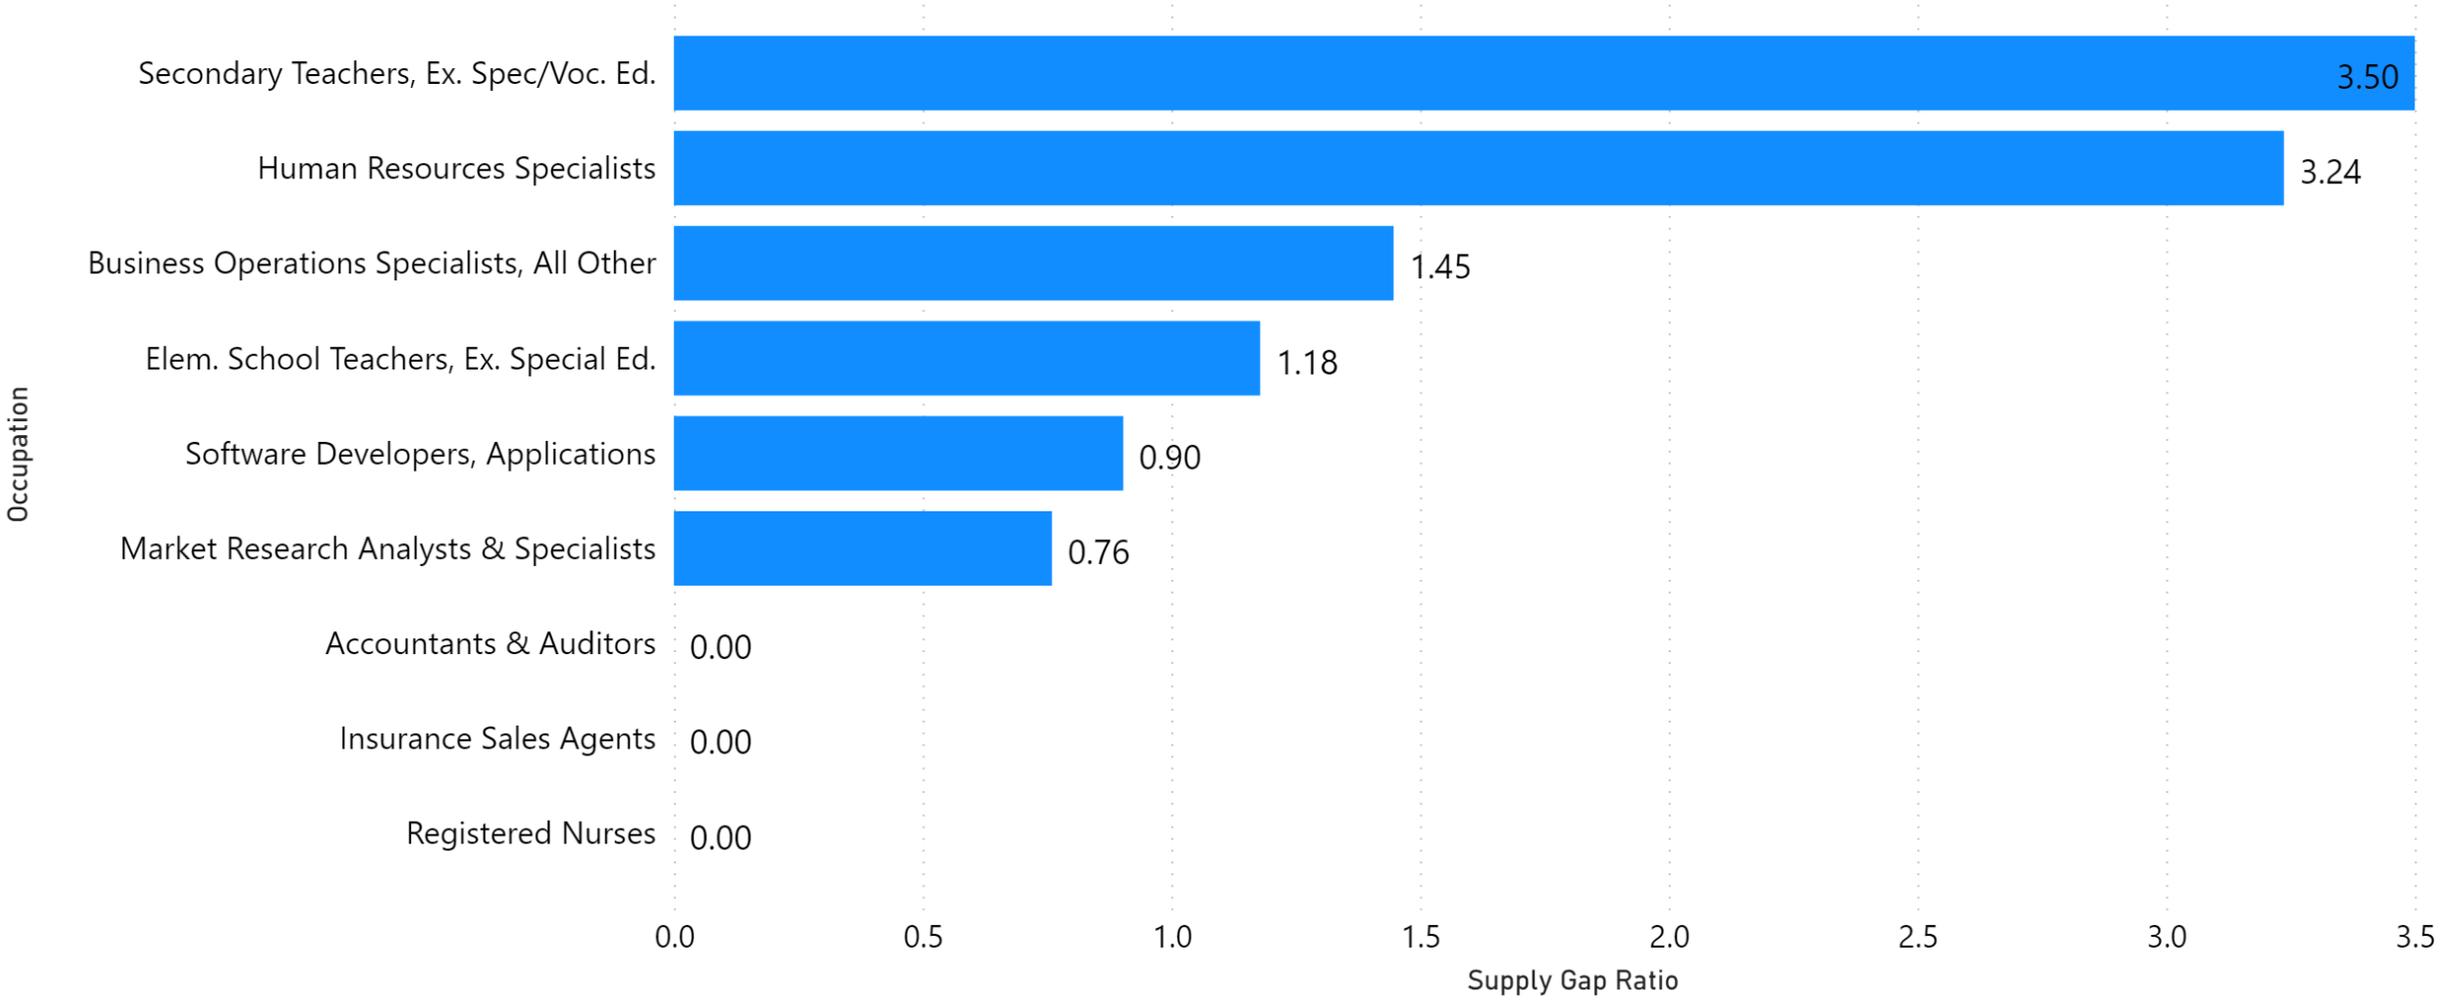

Completers do not include most apprenticeships and true OJT provided solely by employers.

Supply Gap Analysis for Occupations Requiring a Bachelor's Degree

Region
Southeast

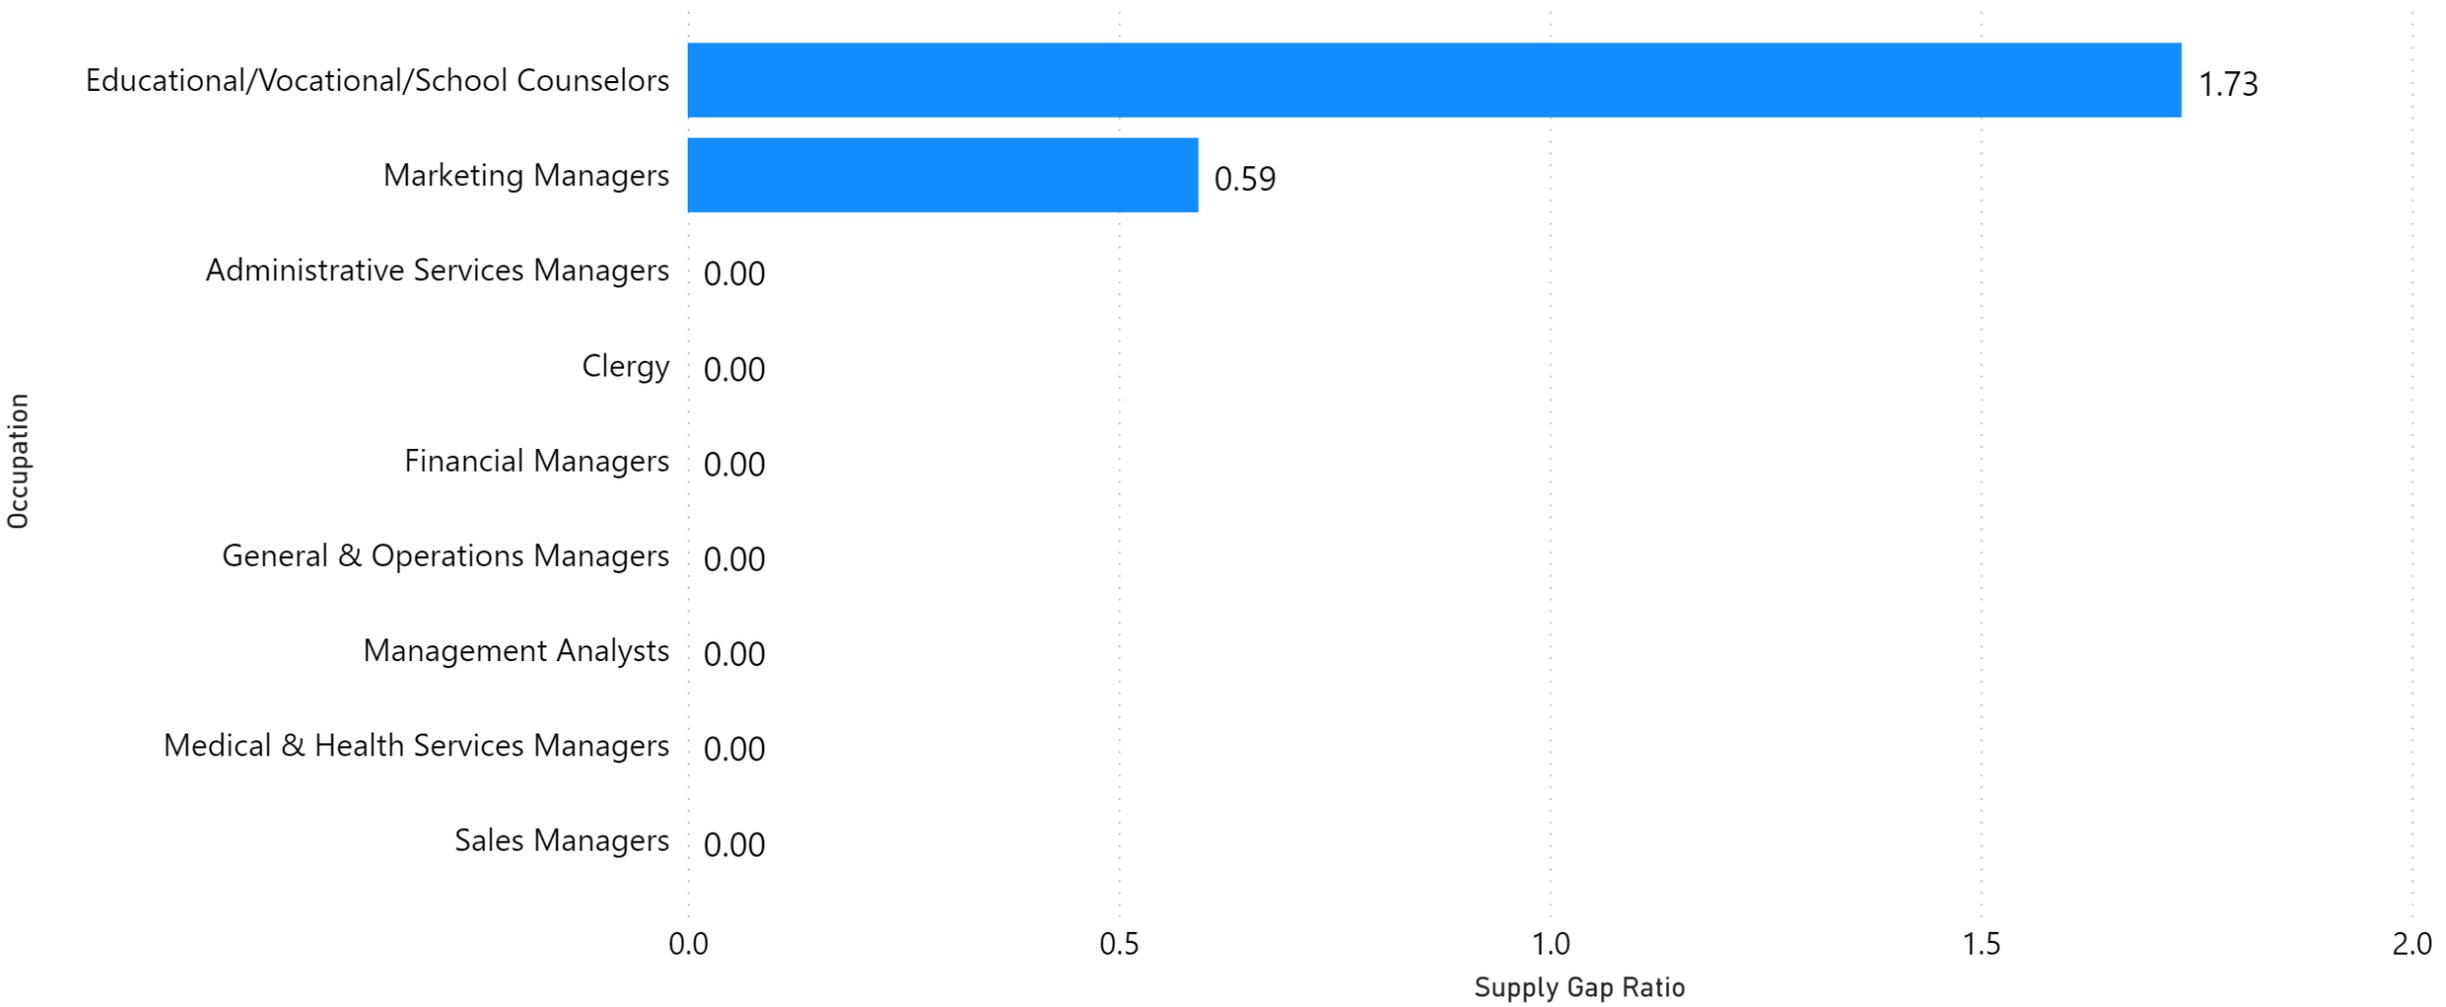

The supply gap ratio is a proxy measure that provides insight on how closely supply aligns with demand for selected occupations. The calculation of the ratio is supply / demand. In this case, the supply is the number of program completions in the region associated with the occupation and the demand is the estimated number of regional job openings. A gap ratio of one indicates one completer per projected job opening. Gaps lower than one indicate more job openings than completers, and gaps greater than 1 indicate more completers than openings.

Completers do not include most apprenticeships and true OJT provided solely by employers.

Supply Gap Analysis for Occupations Requiring more than a Bachelor's Degree

The supply gap ratio is a proxy measure that provides insight on how closely supply aligns with demand for selected occupations. The calculation of the ratio is supply / demand. In this case, the supply is the number of program completions in the region associated with the occupation and the demand is the estimated number of regional job openings. A gap ratio of one indicates one completer per projected job opening. Gaps lower than one indicate more job openings than completers, and gaps greater than 1 indicate more completers than openings.

Completers do not include most apprenticeships and true OJT provided solely by employers.

Demand Occupations Requiring a Certificate or License

Occupation	Average Annual Job Openings	Skills	Hourly Entry Wage	Hourly Experienced Wage
Real Estate Sales Agents	16	Active Listening, Negotiation, Persuasion	NA	NA
Hairdressers/Hairstylists/Cosmetologists	33	Active Listening, Speaking, Service Orientation	10.57	15.22
Emergency Medical Techs & Paramedics	16	Critical Thinking, Active Listening, Coordination	13.08	18.93
Automotive Service Techs/Mechanics	75	Equipment Maintenance, Repairing, Troubleshooting	12.39	23.48
Fitness Trainers & Aerobics Instructors	55	Instructing, Service Orientation, Social Perceptiveness	12.73	27.58
Bus/Truck/Diesel Engine Mechanics	22	Repairing, Troubleshooting, Operation & Control	9.66	24.14
Licensed Practical & Vocational Nurses	39	Service Orientation, Active Listening, Coordination	16.99	25.45
Nursing Assistants	196	Service Orientation, Active Listening, Social Perceptiveness	11.05	13.2
Medical Secretaries	38	Speaking, Active Listening, Service Orientation	11.8	15.72
Preschool Teachers, Ex. Special Education	37	Speaking, Learning Strategies, Instructing	9.85	18.02

Demand Occupations Requiring an Associate's Degree

Occupation	Average Annual Job Openings	Skills	Hourly Entry Wage	Hourly Experienced Wage
Engineering Techs, Ex. Drafters, All Other	19	Active Listening, Critical Thinking, Reading Comprehension	22.85	34.74
Life/Phys/Social Science Techs, All Other	10	Active Listening, Critical Thinking, Reading Comprehension	13.09	26.22
Physical Therapist Assistants	11	Active Listening, Monitoring, Social Perceptiveness	21.48	28.75
Registered Nurses	186	Active Listening, Social Perceptiveness, Service Orientation	21.32	32.06
Computer User Support Specialists	30	Active Listening, Speaking, Reading Comprehension	13.56	24.16
Computer Network Support Specialists	14	Critical Thinking, Active Listening, Judgement/Decision Making	20.22	31.9
Computer Occupations, All Other	15	Critical Thinking, Reading Comprehension, Active Listening	25.6	40.93
Medical Records/Health Information Techs	10	Reading Comprehension, Active Listening, Critical Thinking	13.3	23.47
Paralegals & Legal Assistants	14	Reading Comprehension, Active Listening, Speaking	16.8	35.84
Dental Hygienists	42	Speaking, Active Listening, Critical Thinking	21.6	30.15

Demand Occupations Requiring a Bachelor's Degree

Occupation	Average Annual Job Openings	Skills	Hourly Entry Wage	Hourly Experienced Wage
Business Operations Specialists, All Other	94	Active Listening, Critical Thinking, Reading Comprehension	21.23	53.53
Accountants & Auditors	100	Active Listening, Mathematics, Reading Comprehension	19.84	35
Insurance Sales Agents	52	Active Listening, Reading Comprehension, Speaking	13.36	27.59
Registered Nurses	186	Active Listening, Social Perceptiveness, Service Orientation	21.32	32.06
Human Resources Specialists	38	Active Listening, Speaking, Reading Comprehension	17.48	34.57
