- Prepare for the written and road tests
- Address barriers (fees, transportation, documentation, scheduling)

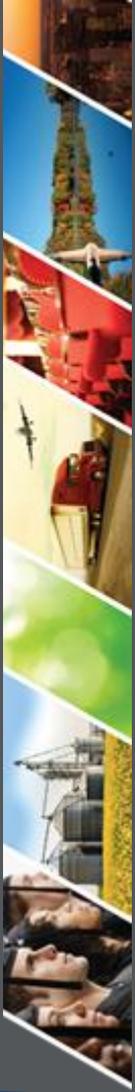

Wrap-around Services Eligibility

- **Participant Must Be Enrolled**

2026 Grantee Manual Section 6: Participant Wrap-Around Services and Student Support Services

Barrier Reduction Funds

Barrier Reduction Funds = supportive services + stipends + transition expenses

Direct Payments to Participants (Limited)

- **Stipends** are the **only** funds that may be paid directly to participants

Payments That Must Go to Vendors

- Wrap-Around Services
- Student Support Services
- Transition Services

→ These must be **paid by the grantee directly to the service provider/vendor**

No Participant Reimbursements

- Participants **cannot be reimbursed** directly for expenses using ILWPP funds

Community Partnerships & Support Service Budgeting

Community Partnerships are cost-effective ways to deliver wrap around services. **Local Community Action Agencies** are strong partners for potential services.

Not all services will be covered through partnerships:

- Grantees should budget **\$500–\$1,000 per participant**
- Covers support needs **not available through community partners**

Leverage **community partnerships whenever possible** to stretch funds — but **set aside per-participant dollars** for gaps partnerships can't cover.

Transportation Support – Wrap-Around Services

✓ Allowable Costs

- Public transit fare or transit cards
- Emergency car repairs only (not maintenance) — up to \$500
- License plate or city sticker renewal fees

⊘ Non-Allowable Costs

- Rideshares or taxis (Uber, Lyft, etc.)
- Gift cards or cash cards of any kind
- “Visa” or general prepaid cards
- Gas station–branded gift cards

💬 Ask Participants

- Do you have reliable transportation to and from the program?
- What is your primary form of transportation?

📄 Program Rules

- Transportation support is opt-in only
- Coordinators must meet with participants to assess and document need
- Providing support to everyone without individual assessment = denied reimbursement

Driver's Education Fees – Wrap-Around Services

✓ Allowable Support

Programs may cover licensing costs for enrolled participants, including:

- Driver's education course fees
- Permit or license testing fees
- Required licensing costs through the DMV

Why This Matters

Reliable transportation and licensing support help participants:

- Access apprenticeship opportunities
- Meet employment expectations in the trades
- Successfully complete the pre-apprenticeship program

Wrap-Around Services – Participant Opt-In Requirement

✓ Programs **MUST**

- Offer wrap-around services on an **opt-in basis only**
- Have coordinators **meet individually** with participants
- **Discuss, identify, and document** needs before providing support

⊘ Programs **CANNOT**

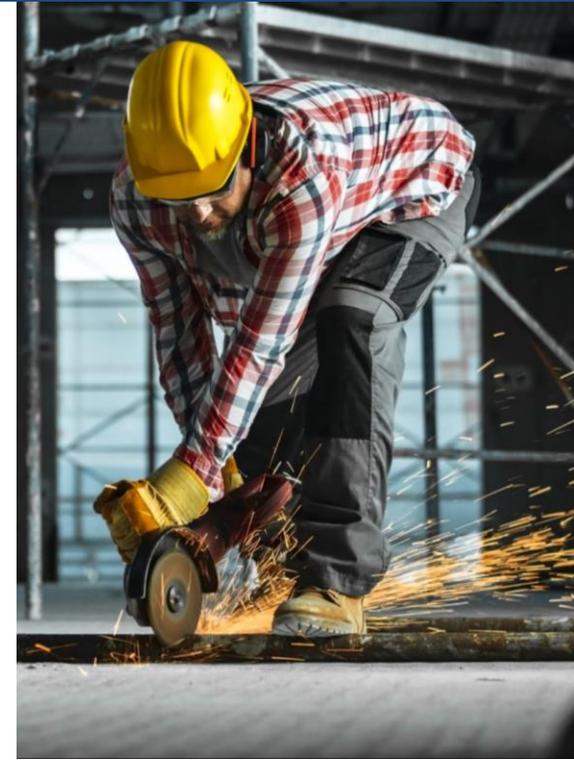

- Give services (like transit cards) to **all participants automatically**
- Provide support **without a participant request and assessment**

Wrap-Around Services – Participant Opt-In Requirement

- Participants may receive stipends for **Orientation**
- Up to **4 hours**
- Must attend the **entire session**
- **Prior approval is required** for any **synchronous virtual training** before stipends can be issued
- Grantees must issue a **1099 form** to participants earning **over \$600** in stipends
- All participants must complete a **W-9** before receiving stipend payments

Attendance Rosters – Virtual Sessions

If approved virtual sessions must follow the same documentation (class rosters and assessments) and verification standards as in-person training.

Wrap-Around Services – Tracking & Eligibility

How Services Are Tracked

- Added to the participant's **Career Plan in IWRS** after the intake assessment
- **DECs and staff** update services as they are delivered
- Every service must have a **final status recorded by graduation**

When Services CAN Be Provided

- Only while the participant is **actively enrolled**
- If training is unfinished at cohort end, the participant may be considered enrolled for **up to 2 additional weeks**
- Services during this extension must directly support **completion of required training**

When Services CANNOT Be Provided

- **After graduation** — participants are no longer eligible

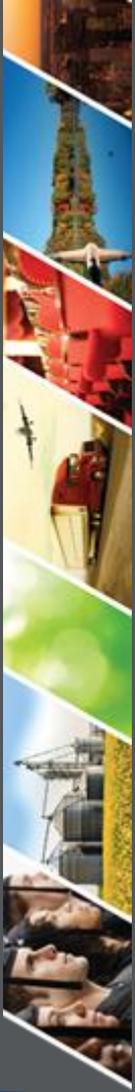

ADA Requirements

The Americans with Disabilities Act, or ADA, prohibits discrimination against people with disabilities in multiple areas, including:

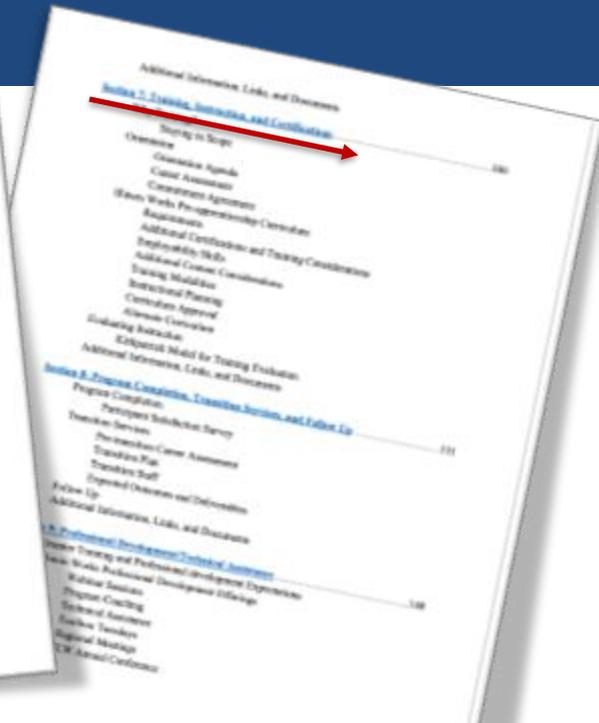

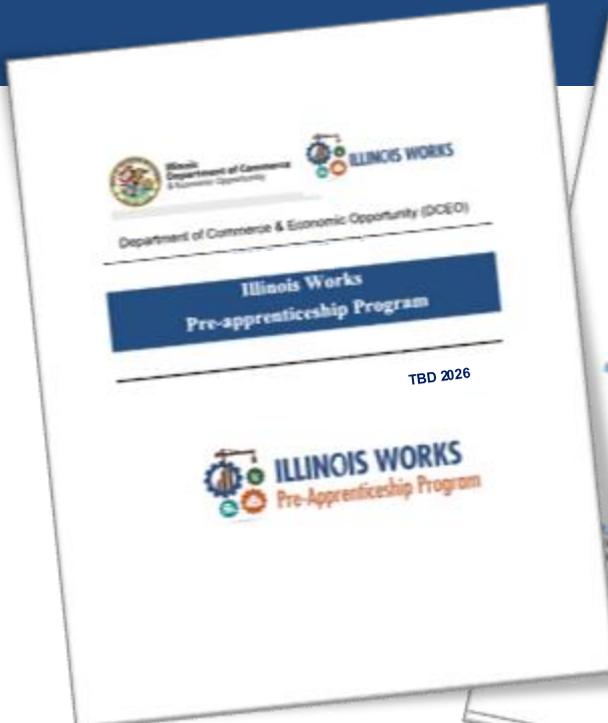

- **Driver's License (Required)**
- Employment
- Transportation
- Public accommodations
- Communications
- Access to state and local government programs and services
