Illinois Works Pre-Apprenticeship Program

Using Data for Continuous Program Improvement (CPI)

ILLINOIS WORKS
Pre-Apprenticeship Program

Course Overview

Grantees are accountable for program management and continuous improvement. Continuous program improvement is the ongoing assessment of performance outcomes with the goal of identifying opportunities for incremental and innovative enhancements. Illinois Works' (ILW) encourages grantees to implement a continuous program improvement (CPI) process to support the actualization of their continuous improvement plan.

This training is designed to provide ILW Pre-apprenticeship Program grantees with the knowledge, skills, and techniques necessary to leverage program data to develop and implement a continuous program improvement process and model with a focus on improving program performance in key areas.

Course Objectives

By the end of this training, learners will be able to:

- Describe the role of the Illinois Works Job Program Act and its goals
- List the three ILW key programs. Explain the relationship between DIBE and the ILW core values.
- Explain the importance of continuous program improvement.
- Describe the impact of data entry and quality data.
- Ensure the data entry roles are represented in your ILW program.
- List the data categories.
- Explain the role of records and reports to a CPI process.
- List the reports and benchmarking dashboards available in IWRS.

Course Objectives Cont.

By the end of this training, learners will be able to:

- Articulate the key outcome metrics
- Reference Illinois workNet Partner Guide resources.
- Explain the role the Pre-apprentice LifeCycle plays in the CPI process.
- Describe each step in the continuous program improvement model.
- Brainstorm new or innovative straggles for performance gaps.
- Explain the role of the program improvement plan in the continuous program improvement process.
- Access ILW resources to support their program improvement plan.

This Session is Being Recorded

CEO.ILWorks@Illinois.Gov

Module 2: Welcome and Introduction

By the end of this section, you will be able to:

- Utilize Webex functionality to fully engage the training.
- Identify what you hope to learn from this training.

Webex Tutorial

- Mute/Unmute
- Stop/Start Video
- Raise Hand
- Emojis

Section 3: Introduction to ILW

By the end of this section, you will be able to:

- Describe the role of the Illinois Works Job Program Act.
- List the three ILW key programs.
- Articulate ILW equity focus.
- List the ILW goals.
- Explain the role of the Pre-apprentice LifeCycle.
- Explain the relationship between DIBE and the ILW core values.

The Office of Illinois Works

The Office of Illinois Works is housed in the Department of Commerce & Economic Opportunity (DCEO) and is a top priority of the Governor's 5-year economic plan.

Unfortunately, **data shows that for too long, the construction industry and the trades have not been accessible for diverse communities - with fewer than ten percent of the best paid apprenticeships extended to women and racial and ethnic minorities.**

With this new capital funding set to pave the way for tens of thousands of jobs over the next decade, the **Illinois Works Jobs Program Act** was intentionally designed to increase equity and opportunity in capital construction projects.

Illinois Works Jobs Program

The **Illinois Works Jobs Program Act** is a statewide initiative to ensure that all Illinois residents have access to state capital projects and careers including, in the construction industry and building trades.

The goal is to provide contracting and employment opportunities to historically underrepresented populations in the construction industry.

Illinois Works Equity-focus

The Illinois Works Jobs Program Act was intentionally designed to increase **equity** and opportunities in capital construction jobs for underrepresented groups including;

- Women
- People of color
- Veterans

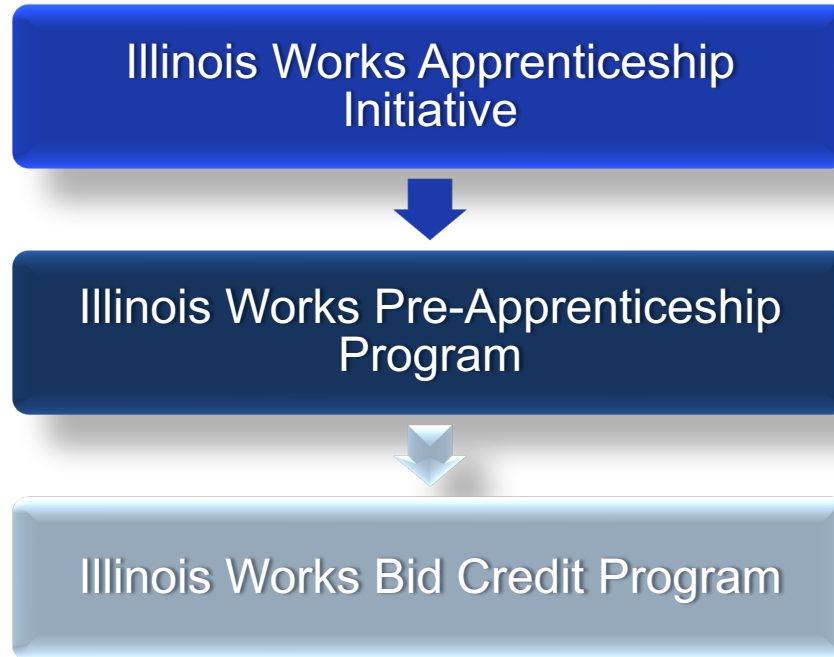

Illinois Works Apprenticeship Initiative

The DCEO Office of Illinois Works, with the support and partnerships of communities, building trades, and the construction industry, will deliver three key programs:

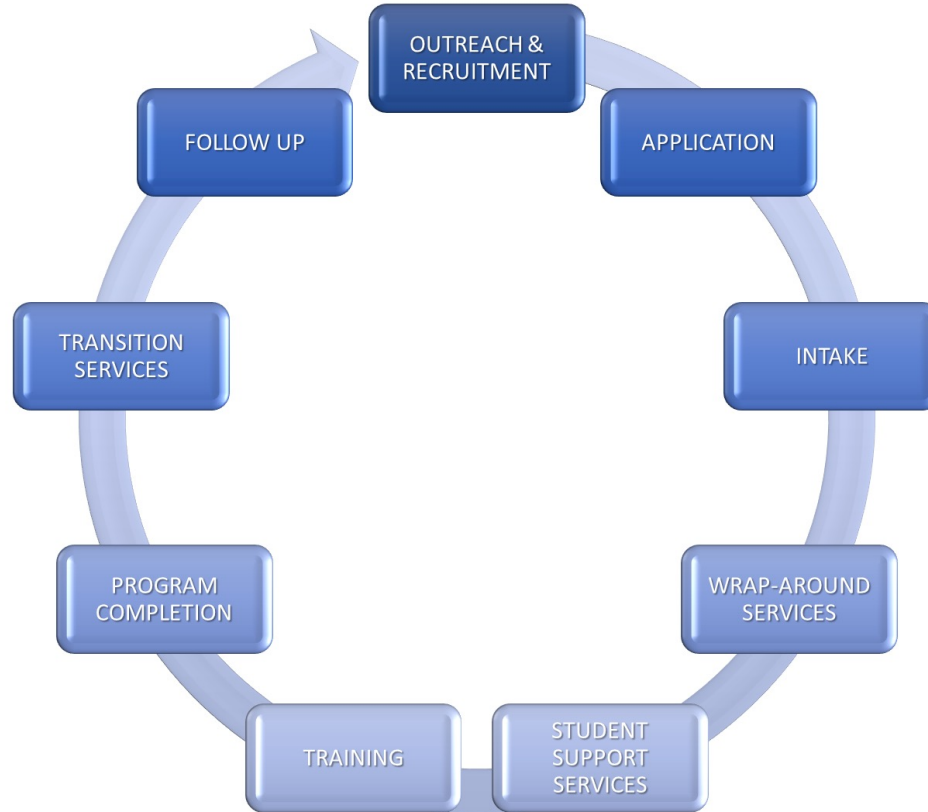

Illinois Works Program Goals:

- Provide a career pathway for residents in disadvantaged communities.
- Provide eligible apprentices with the skills for lifelong job security.
- Promote construction as a viable job industry for women and minority communities.
- Provide the construction industry with a consistent skilled workforce for generations to come.
- Create new partnerships between state agencies and community organizations.

Pre-Apprentice LifeCycle

DIBE and ILW Core Values

CEO.ILWorks@Illinois.Gov

CPI, Data and Information

By the end of this section, you will be able to:

- Define continuous program improvement.
- Explain the important of continuous program improvement.
- Differentiate between data and information.
- Describe the impact of data entry and quality data.
- Ensure the data entry roles are represented in your ILW program.
- List the data categories.

Continuous Program Improvement

Continuous program improvement is the ongoing assessment of performance outcomes with the goal of identifying opportunities for incremental and innovative enhancements.

ILW requires continuous program improvement and provides resources and support for grantees.

Question:

“Why is continuous program improvement important?”

Data and Information

- Data
- Information

Data and Information

- **Data** are individual pieces of facts which, when analyzed, can provide ILW and its grantees with valuable information.
- **Information** is knowledge that can be used to understand program outcomes, uncover key insights, and contribute to informed decision-making.

Data Entry

Data Quality

The **quality** of your **information** is driven by the quality of the **data** entered into the **IWRS**.

It allows you to identify early **performance gaps** that can be closed quickly to avoid negative impacts on your program's services.

Your program data **must** be entered into this system.

Data Quality

A rule of thumb,

“If it is not documented and reported, it did not happen.”

Data Entry Coordinator and IWRS Data Entry Staff Persons

Illinois
Department of Commerce
& Economic Opportunity

Data Entry Coordinator (DEC)

Illinois
Department of Commerce
& Economic Opportunity

IWRS Data Entry Staff Persons

Question:

“Have you identified a Data Entry Coordinator (DEC) and /or IWRS Data Entry Staff Persons?”

Categories of Data

- Grantee actions
- Participant actions
- Financials

Grantee Data

- Number of participant cohorts
- Enrollees
- Participants who complete the program
- Primary Vs secondary outcome
- Curriculum utilized
- Instructor information
- Worksite locations
- Services offered

Participant Data

- Applicants
- Participant demographics
- Progress measures
- Participant outcomes

Financial Data

Illinois Works ~ Small Group Activity

Lifecycle Phase	Data Collected
Outreach and Recruitment	Cold, warm, and hot participant leads including demographics along with effective outreach and recruitment strategies.
Application	Demographic data (age, level of education, race/ethnicity, gender, and veteran status, among others) to determine program eligibility, employment data, and career interests, among others
Intake	Barriers for success data including the needs of participants, and the wrap-around services needed to address them, from the perspective of the participant.
Wrap-Around Services	Data to determine the wrap-around services (childcare, stipends, and transportation, among others) are being provided to assist in overcoming barriers. These data can show to whom, how often, and when these services begin and end, and their effectiveness in reducing barriers and contributing to retention and successful program completion.
Student Support Services	Data to determine the student support services (tutoring, make-up exams, and make-up session, among others) that participants and how those contribute to academic progress and ultimately to retention and successful program completion.
Training	Data to track participants' progress through required modules, including test scores, attendance patterns, needed support services, and training evaluation.
Program Completion	Data to track retention, program completion, graduation, withdrawal, and dismissal and its reasons, and awarded certifications.
Transition	Data to track participants' transition activities (placement in a RAP, interest in a specific construction trade, or other career interests), and date of program exit.
Follow-Up	Data to confirm outcomes in terms of employment and meeting individual career goals, to identify needs and challenges after transition, track participant retention progress in RAP's and/or employment, to document community and economic impact.

Section 5: Accessing Data and Information

By the end of this training, learners will be able to:

- Explain the role of records and reports to a CPI process.
- List the reports available in IWRS.
- Interpret the ILW benchmarking dashboards.
- Articulate the key outcome metrics
- Reference Illinois workNet resources.

ILW Monthly Compliance Review and Report

ILW Monthly Compliance Report

Illinois Works Monthly Compliance Review Progress Report

Organization Name: Chicago Women in Trades

Overall Compliance Rating: Good Progress

The overall compliance rating for June 2022 is based on per cohort outcome metrics and progress toward overall metrics as outlined in the organization's work plan cohort goals and timeline.

Cohort	Enrollment Goal Total	Enrollment Actual Since Last Review	Per Participant Allotment	Completion Goal Total	Completion Actual Since Last Review	Per Participant Allotment	Primary Transition Goal Total	Primary Transition Actual Since Last Review	Per Participant Allotment	Secondary Transition Actual Since Last Review	Per Participant Allotment	Reimbursement Maximum (Current Review)
1	25	0	\$2,502.19	22	2	\$3,491.42	18	14	\$5,004.37	0	\$2,502.19	\$77,044.02
2	25	0	\$2,502.19	21	n/a	\$3,491.42	17	n/a	\$5,004.37	n/a	\$2,502.19	\$0
3												
4												
5												

All outcome metrics above are based on information entered in IWRS as of 6/1/2022. The information above has been sent to the Office of Grant Management and will be utilized by OGM to determine the reimbursement amount based on the submitted Periodic Financial Report and expenses. Additional information regarding the overall compliance rating can be found in the 2022 Grantee Manual – Section 13: Programmatic Monitoring.

Follow-up Dashboard

- Post-Program Active Tracking
- Long-term Tracking

Key Outcome Metrics

- At least 85% of individuals enrolled will successfully complete the pre-apprenticeship training program
- At least 70% of individuals enrolled will be hired and enroll in a DOL-registered apprenticeship program

Question:

“Which of these reports/dashboards have you found to be valuable? How do you use it/them to support decision-making or to focus your program improvement efforts?”

CEO.ILWorks@Illinois.Gov

Illinois
Department of Commerce
& Economic Opportunity

Section 6: Implementing the ILW CPI Model

By the end of this training, learners will be able to:

- Explain the role the Pre-apprentice LifeCycle plays in the CPI process.
- Describe each step in the continuous program improvement model.
- Brainstorm new or innovative strategies for performance gaps.

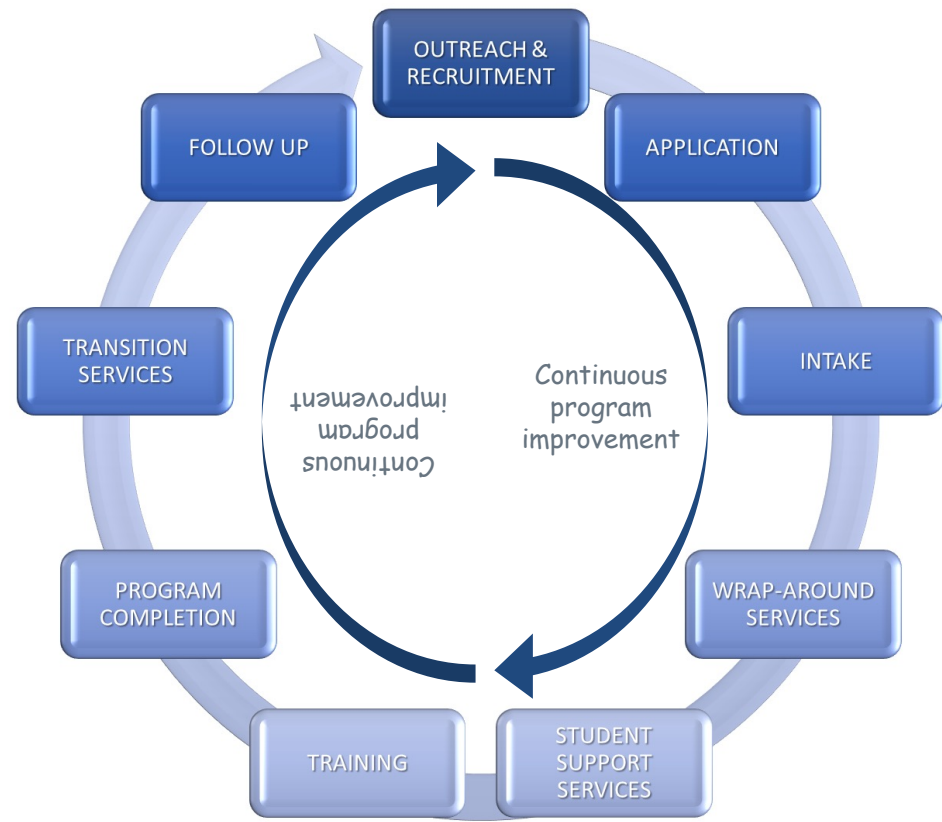

CPI Tools

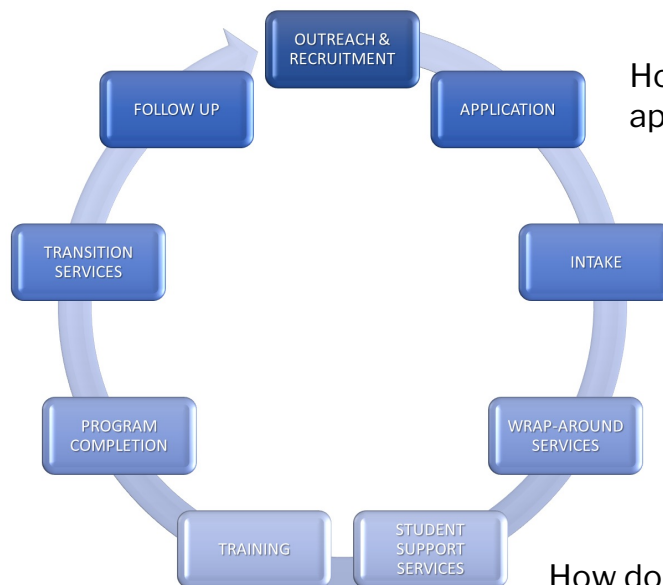

Pre-Apprentice LifeCycle

Pre-Apprentice LifeCycle

How do we improve our application process?

How do we improve our intake process?

How do we improve our wrap-around services?

How do we improve our student support services?

Question:

“Identify at least one area that requires performance improvement.”

Question:

“Identify one area where you are already experiencing success, but you think you can do even better.”

Continuous Program Improvement Model

Program Performance and Measure Outcomes

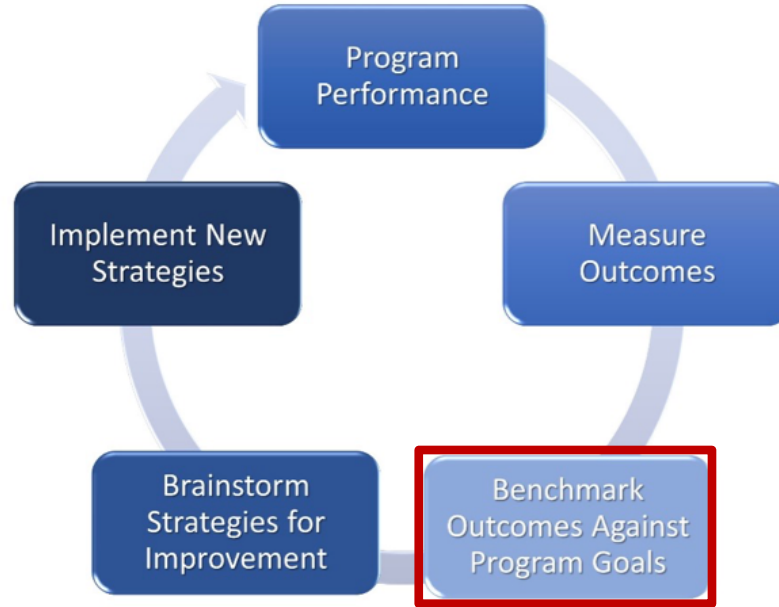

Measure Outcomes

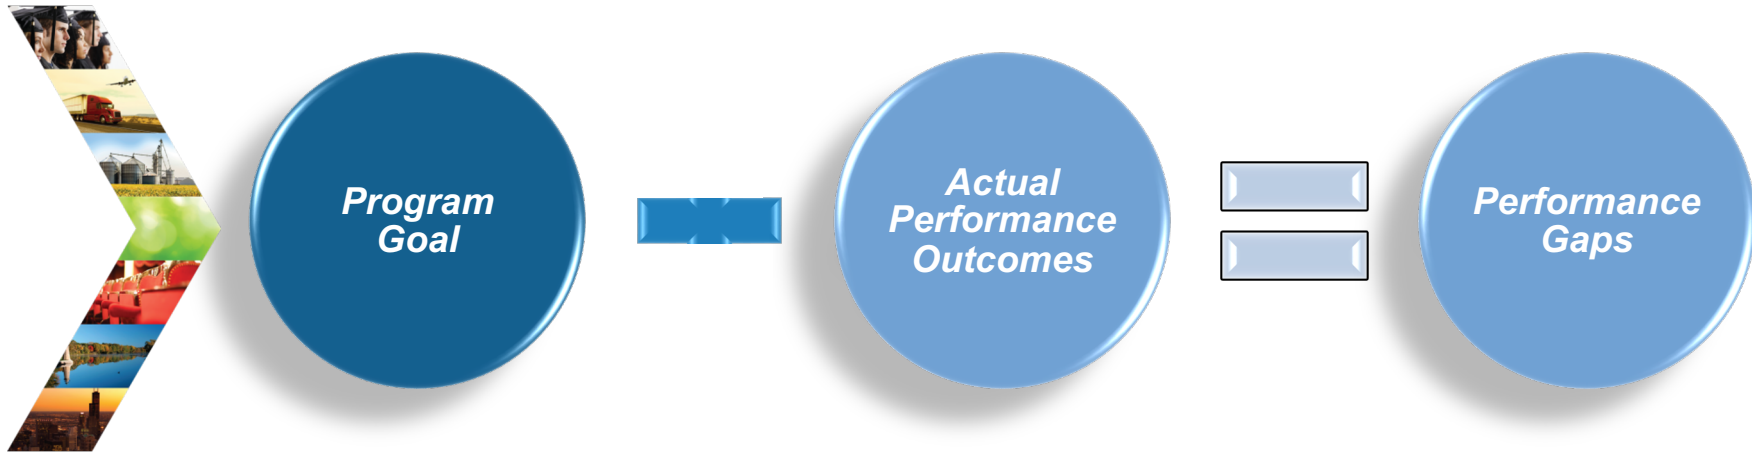

Benchmark Performance Outcomes Against Program Goals

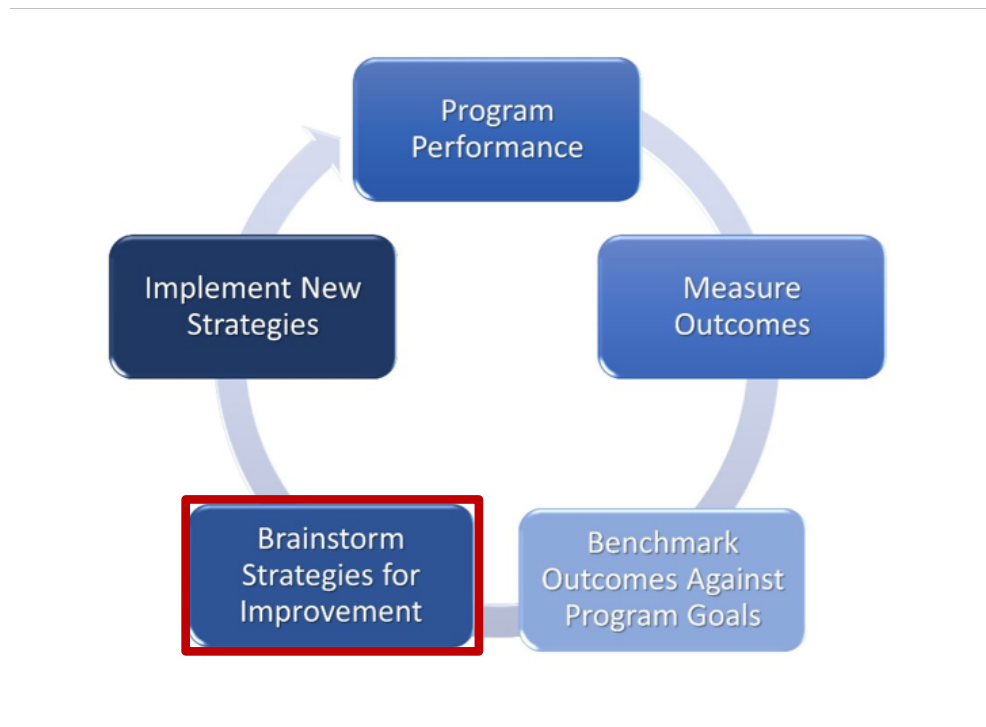

Performance Gaps

New and/or Innovative Strategies

New and/or Innovative Strategies

- Team Brainstorming
- TA Troubleshooting
- Program Coaching
- Perspective of New Staff
- Ideas from Seasoned Staff
- Grantee Networking
- Provider Feedback
- Partner Feedback
- Professional Association Resources
- Published Best Practices

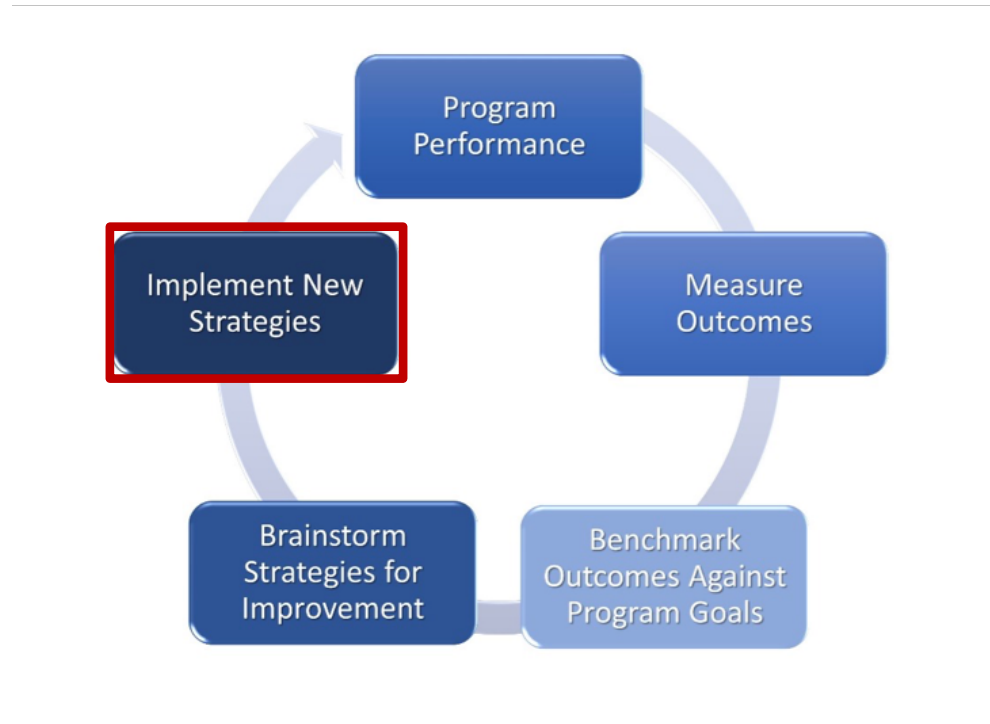

Brainstorming

Implement New Strategies

Implement New Strategies

- The new strategy must be communicated to all relevant and impacted staff.
- All relevant forms, documents, processes, and procedures must be updated.
- If a new skill is involved, impacted instructors and staff must receive training.
- The new strategy must have a definitive start date and benchmark date.

CEO.ILWorks@Illinois.Gov

Illinois
Department of Commerce
& Economic Opportunity

Section 7: Program Improvement Plan

By the end of this training, learners will be able to:

- Explain the role of the program implementation plan in the continuous program improvement Process.
- List how a program implementation plan can impact each phase of the Pre-apprenticeship LifeCycle, financial management, and partner engagement.
- Access resources for their program improvement Plan.

Program Improvement Plan

Program Improvement Plan

- Improve efficiencies
- Improve effectiveness
- Higher quality (more competitive) program services
- Increase employee engagement
- Reduce employee turnover
- Increase client/participant satisfaction
- Cultivate a proactive culture
- Cultivate an outcome driven culture

Program Improvement Plan

“How can we be even better?”

Focus of Program Improvement Plan

- Partner Engagement
- Participant LifeCycle
- Financial Management

Exhibit 9: Performance Improvement Plan

Exhibit 9: Performance Improvement Plan

Performance Improvement Plan

The Performance Improvement Plan must be submitted to the Office of Illinois Works (ILW) following each grantee cohort or after every six (6) months of program implementation. Performance Improvement Plans are a key part of ILW's drive for continuous improvement.

- *Table A* features required outcome metrics that were outlined in the Program Planning Tool
- *Table B* focuses on ILW target populations goals outlined in the Program Planning Tool from the ILW NOFO.
- *Table C* captures areas that need improvement identified in Table A or Table B. Table C also allows programs to identify alternate areas of performance they want to improve on that are not shown in outcome or population metrics.

Table A: Required ILW Outcome Metrics

Outcome	Performance Goal (per cohort or up to current date)	Actual Performance (per cohort or up to current date)	Performance Expectation (Not Meeting, Meeting, Exceeding)
Individuals Enrolled			
Individuals Completed			
Primary Transition			

Table B: ILW Target Population Metrics

ILW Target Population	Performance Goal (per cohort or up to current date)	Actual Performance (per cohort or up to current date)	Performance Expectation (Not Meeting, Meeting, Exceeding)
Women			
Black, non-Hispanic			
Hispanic/Latino			
Asian			
American Indian/Alaskan Native			
Two of more races			
Veterans			

Table C: Grantee Identified Improvement (Any metrics in Table A or B that are listed as "Not Meeting" expectations must be added as an Identified Area for Improvement)

Identified Area for Improvement	Action Steps to Improve	Staff Responsible	Goal Date to Improve

About IL Works

The Illinois Works Jobs Program Act was created as a result of Governor Pritzker's historic \$40 billion capital plan and his commitment to expanding opportunities in Illinois' construction workforce.

Illinois Works Construction Pre-apprenticeship Program will deliver pre-apprenticeship skills training through a network of non-profit, community-based organizations, including community colleges, faith-based organizations, and business associations. Applications will be accepted starting the summer of 2022, and grant proposals that provide training for underrepresented populations in the construction and building trades and prepare them for jobs on public works projects are strongly encouraged. Participants of the program will attend tuition-free and receive a stipend and other supportive services to help overcome systemic barriers to entering the construction industry.

This guide is intended to be used by Illinois Works grantees, student supports services providers, Commerce participating in the Illinois Works Pre-apprenticeship Program.
