

EPIC DHS Weekly Webinar

Invite/Orientation

When inviting a customer you will have the ability to hover over the date and see how many people are scheduled for the morning orientation and the afternoon orientation. Also, after you select a date you will have the ability to select morning or afternoon for orientation.

We will display a message to let DHS offices know when orientations are full for the offices that request a cap on orientation invites per session.

Discussion Questions

Discussion on how the drug test question can affect the programs recommended for the customer.
