

Think about this:

- What would you do if you could start your dream job tomorrow?
- How much time are you willing to commit to improve your future?

Training Program Ideas

- Do you need to improve reading and math skills?
- Did you earn your high school diploma? If not, this program can help you get your equivalency.
- Would you be interested in training for a new career pathway?
- Could you go to school full-time? Would you need to work at the same time?
- Be honest about your background. If a background check is required, it will be checked out. The same is true for medical and drug tests.

Transportation

- How far could you travel for training?
- Do you use public transportation?
