Document Requirements to obtain a Driver's License/State ID Card

The Acceptable Identification Document chart (reverse) lists documents that may be used as forms of identification to provide proof of legal name, date of birth, Lawful Status, Social Security number and residency when applying for a driver's license/ID card.

Please note the following:

- Signature comparison is required in the verification process.
- The number of documents required depends on whether an applicant is applying for a driver's license/ID card for the first time, or requesting a duplicate or corrected driver's license/ID card.
- One document may satisfy more than one group.
- New residents must surrender all out-of-state licenses/ID cards prior to issuance of an Illinois driver's license/ID card.
- An applicant applying for a Temporary Visitor Driver's License is not required to present documents from Group C. Instead, the applicant must sign a declaration on the TVDL application that the applicant is, at the time of application, ineligible to obtain a Social Security number.

REAL ID DL/ID Applicant

What you need to know about the Illinois REAL ID Program

For Illinois residents who fly domestically, effective Oct. 1, 2020, the federal government will require you to use a valid U.S. passport or obtain a REAL ID from the Illinois Secretary of State's office. Not every person needs a REAL ID card, which is why we offer you a choice. You decide if you need a REAL ID or standard DL/ID.

The application process for a REAL ID-compliant DL/ID requires enhanced security measures that meet mandated federal guidelines, even if you already have a standard DL/ID. As a result, you must provide documentation confirming your identity, Social Security number, residency and signature.

If you want to apply for a REAL ID, please come prepared with the necessary documents. Please visit our website at www.REALID.ilsos.gov and use the interactive document checklist to help ensure you bring in the right documents to the Driver Services facility. In addition, please be patient as the process takes longer at the facility due to the multiple documents required by the federal government.

I appreciate your help in making Illinois a REAL ID-compliant state.

Sincerely,

Jesse White
Secretary of State

Secretary of State

Is it possible for me to obtain a copy of my own or another person's driving record?

Yes. An abstract of a driving record can be purchased in person at a Driver Services Facility or by writing the Secretary of State, 2701 S. Dirksen Parkway, Springfield, IL 62723. Facility Finder. How to Read Your Driving Record

If you are the parent or legal guardian of a minor person (under age 18) and are requesting the driving record of that minor person, the requestor must submit a notarized written permission of the person listed on the request form to obtain the driving record and pay the \$12 fee.

If you are an immediate family member (parent/legal guardian, brother, sister, spouse, grandparent, child or grand child) of the adult person (age 18 or older) and are requesting the driving record of that adult person, the requestor must submit a notarized written permission of the person listed on the request form to obtain the driving record and pay the \$12 fee.

The cost for a certified abstract of a driving record is \$12.00. If you are purchasing another person's driving record, you must provide the driver's full name, sex and date of birth or driver's license number. Before any information will be released, notification will be sent to the person whose record has been requested, giving the date and name of the person making the request.

Disclosing an address or other personal information about a licensee is prohibited. However, convictions, withdrawals and crashes will be furnished.

I received a traffic ticket last year. How long will it stay on my driving record?

Moving violations such as speeding, disregarding a traffic control light, improper lane usage, etc. remain on a driver's record for four to five years from the date of conviction. If the ticket forms the basis for a suspension or revocation, the information will be carried on your driving record for a minimum of seven years from the date of reinstatement. Alcohol/drug offenses remain on a driver's record for a lifetime.

How often do I have to be tested to keep my driver's license?

A driver is required to take a written test at least once every eight years if traffic convictions have occurred. Everyone must have his or her vision screened when applying for a renewal, with the exception of Safe Driver Renewals. All persons age 75 or older must take a driving test at each renewal. Drivers age 81-86 must have their licenses renewed every two years, while persons age 87 and older must renew annually.

Can I renew my license before my renewal letter arrives in the mail?

Yes. The renewal letter is not required to renew a driver's license. The license may be renewed up to one year before the expiration date.

How can I renew my Illinois driver's license while I am temporarily out-of-state?

You can request renewal forms by writing the Secretary of State, Attn: Special License and Re-Examination Unit, 2701 S. Dirksen Parkway, Springfield, Illinois 62723 or by telephoning 217-782-6901. You may be eligible to renew your driver's license through the Safe Driver Renewal Program. You may inquire about Safe Driver Renewal by writing Secretary of State, Attn: Safe Driver Renewal, Central Services Section, 2701 S. Dirksen Parkway, Springfield, Illinois 62723 or by calling 217-785-1424.

I am temporarily out-of-state and have lost my Illinois driver's license. What are my options?

Please telephone the Special License and Re-Examination Unit of the Secretary of State's office at 217-782-6901. If you plan to return to Illinois within 90 days and your license is still valid, you may request that a 90-day temporary driver's license be mailed to you at your out-of-state address. If you plan to be out-of-state for more than 90 days, you may request that forms to apply for a non-photo duplicate driver's license be sent to you.

I am in the military, stationed outside the state of Illinois, and my license is expiring. How can I renew without coming back to Illinois?

As a member of the military stationed outside the state of Illinois, you, your spouse and children living with you may all have the expiration of your driver's licenses deferred for up to 120 days after your discharge or reassignment to

Jesse White
Secretary of State

a military base in Illinois. Military Deferral Certificate(s) to be carried with your expired Illinois driver's license can be issued at no charge and mailed to your out-of-state address.

In order to obtain a Military Deferral Certificate, mail a copy of your current Illinois driver's license, a copy of the front and back of your Military Identification Card and your out-of-state address to the Secretary of State, License and Medical Review Unit, 2701 S. Dirksen Parkway, Springfield, IL 62723.

If you have questions regarding a Military Deferral Certificate, you may contact the License and Medical Review Unit at 217-782-2720.

You also may be eligible to renew your driver's license through the Safe Driver Renewal Program.

It may be helpful to know that Illinois drivers can renew their licenses up to one year before a four-year or two-year license expires, or six months before a one-year license expires.

What is the difference between a suspension and a revocation?

Suspension means that you temporarily lose your driving privileges for a designated period of time or until you meet certain reinstatement requirements. Revocation means that your driving privileges are taken away indefinitely. If revoked, you may not reapply for your license for at least one year.

What is a Statutory Summary Suspension?

If you are arrested for driving under the influence of alcohol, other drugs and/or intoxicating compounds (DUI), the arresting officer will request that you submit to chemical testing. Refusal to submit to this testing will result in a 12 or 36-month suspension. Submission to testing that reveals a blood alcohol concentration of 0.08 or more or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis, a controlled substance or unlawful use of an intoxicating compound will result in a 6 or 12-month suspension.

I received a Statutory Summary Suspension. When will it terminate?

Provided the minimum period of suspension has elapsed, the suspension will terminate after the required \$250 reinstatement fee has been paid and the appropriate entry has been made to your driving record. A second or subsequent suspension requires payment of a \$500 reinstatement fee. During the period of this suspension, your driver's license is retained by the court wherein your DUI case was processed, and you will need to contact that court regarding the return of your driver's license.

I received a Statutory Summary Suspension. How do I apply for driving relief?

If you are a first-time offender or first-time DUI offender, you may be eligible for a Monitoring Device Driving Permit. This permit will allow you to drive to any location at anytime during your suspension with the requirement that you drive a car equipped with a Breath Alcohol Ignition Interlock Device (BAIID).

What is a Zero Tolerance Suspension?

A driver under age 21 who is arrested for any violation of the Illinois Vehicle Code will be asked to submit to chemical testing if the arresting officer has reason to believe the driver has consumed any amount of an alcoholic beverage. Refusal to submit to this testing will result in a six- or 24-month suspension. Submission to testing that reveals a blood alcohol concentration of more than 0.00 will result in a three- or 12-month suspension.

What happens if I am convicted of DUI?

If you are convicted of a DUI, your driver's license and driving privileges will be revoked for a minimum of one year for the first offense, five years for a second offense committed within a 20-year period, 10 years for a third offense and lifetime revocation for a fourth or subsequent offense.

However, if you are under age 21 at the time of the DUI conviction, your driver's license and driving privileges will be revoked for a minimum of two years for your first offense; a second offense will result in a license revocation for a minimum of five years or until your 21st birthday, whichever is longer; third offense a minimum of 10 years; and a lifetime revocation for a fourth or subsequent offense.

Jesse White
Secretary of State

My driving privileges are suspended. Am I eligible for a Probationary License?

To be eligible for a Probationary License, you must be suspended for three months or less for being convicted of three moving traffic violations issued within a 12-month period. You must have a driver's license, which is not expired, in your possession and you must be at least 21 years of age. You also must attend an eight-hour Defensive Driving Class. A Probationary License will not restrict you to driving during certain hours or within a certain radius. What is Illinois' seat belt law?

The driver and all occupants are required to be protected by a safety belt or safety restraint system, regardless of age.

Passengers under age 16 regardless of location in the vehicle must be protected by a safety belt or restraint system. Refer to the Child Passenger Protection Act.

Drivers under age 18 are currently required to limit passengers to one in the front seat and the number of seat belts in the back seat. However during the first six months of their license (or until they reach the age of 18, whichever occurs sooner) they are limited to only one passenger under the age of 20 (except immediate family which includes siblings or children of the driver). All passengers under age 18, with a driver under age 18, regardless of location in the vehicle must be belted. Refer to the Graduated Licensing System.

How do I get my license and registration corrected if my name or address changes?

Within 10 days of changing your name or address, you must notify the Secretary of State by visiting a Driver Services facility or by writing to the Driver Services Department, Central Services, 2701 S. Dirksen Parkway, Springfield, Illinois 62723. If you wish to have a new driver's license reflecting the change, you must visit a driver facility and pay a \$5 fee. To change your address, you can use the online Address Change Notification to transmit notification of address changes to the Driver Services Department. Please be sure to include your Driver's License or Identification Card number and registration number. A change of name for driver's license or ID card must be completed at a Driver Services facility. A CDL holder must obtain a corrected driver's license within 30 days of any such change.

I'm a new Illinois resident. How do I get a driver's license and automobile registration?

As a new Illinois resident, you may continue to drive on your valid out-of-state driver's license for 90 days. CDL holders must notify the Secretary of State's office within 10 days of a change in their name and/or address and must obtain a corrected CDL within 30 days of any such change. To obtain a new driver's license, you must visit a Driver Services facility to surrender your out-of-state license and pass a vision screening, written exam and possibly a

Jesse White
Secretary of State

drive exam. (Note: Express facilities do not process out of state transfers or offer written testing.) You must change your vehicle registration within 30 days by filling out a form at a Driver Services facility.

What can I do if I don't receive my license plate sticker renewal notice before it expires?

Visit your nearest Driver Services facility (outside Cook County) to obtain a registration application, or call 1-800-252-8980. If you reside in the Chicago area, call 312-793-1010.

I received an enforcement notice in the mail for a parking ticket that I believe was not issued to my vehicle. What can I do to contest this action?

If the ticket notice is from the City of Chicago, you can work with the city to request a mail-in hearing to have a city hearing officer review the ticket to determine proper liability. To do so, you will need to send a written request for a mail-in hearing to the City of Chicago, Bureau of Parking Enforcement, 121 N. LaSalle Street, Room 107, Chicago, Illinois 60602.

Accompanying your request should be proof that the vehicle described in the ticket enforcement notice is not your vehicle, such as a copy of your vehicle's license registration card, or proof that your vehicle was not at the place indicated on the ticket at the stated time, such as a copy of your time sheet from work or a letter from your employer. For more information on contesting a Chicago parking ticket, please call 1-312-744-7275.

If the ticket notice is from another municipality, the ticket often can be contested in a manner similar to that of Chicago tickets. Contact the municipality for more information.

I have moved out-of-state and wish to obtain a new license. The licensing authorities in that state require that I provide them with a letter of clearance as proof that my Illinois license is valid. How can I obtain a clearance letter?

All states were notified that as of Oct. 1, 1997, Illinois no longer issues clearance letters. States should perform record checks through the Problem Driver Pointer System. If the other state's licensing authority insists on having written proof of the validity of your driving privileges, you may obtain a copy of your driving record.

I was hit by an uninsured motorist who was at fault in the crash. Can something be done to help me collect damages?

You should submit an Illinois Crash Report to the Illinois Department of Transportation Police Crash Report Office, 2300 S. Dirksen Parkway, Room 019, Springfield, IL 62764-0001, 217-782-4518. In the report you should indicate that the party was uninsured and request that the case be certified to the Secretary of State for suspension under the Safety and Financial Responsibility Law. Once the case is certified, our office will suspend the driver's license of the at-fault uninsured driver and the license plates of the uninsured owner involved in the crash. The suspension will remain in effect until restitution is made to you or until other requirements set by statute are met.

Another option available to you is to file a court judgment against the uninsured motorist. If the judgment remains unsatisfied for 30 days, you may submit it to our office for suspension. For additional information, contact the Safety and Financial Responsibility Section, 2701 S. Dirksen Parkway, Springfield, Illinois 62723, 217-782-3720.

What is a Failure to Pay Fines stop?

A Failure to Pay Fines stop is the result of a request by an Illinois Circuit Clerk's office for non-payment of court imposed fines. Senate Bill 682 will include out-of-state failure to pay effective upon the Governor's signature.

How do I clear a Failure to Pay Fines stop?

You will need to contact the Circuit Clerk's office in the county the violation was processed to find out the amount of the fine and how to pay it. Once you satisfy the fines, you need to obtain a Failure to Pay Fines Receipt. This receipt may be presented to a representative at an Illinois Driver Services Facility, unless the violation occurred in Cook County (all Cook County Court receipts are reported directly to the Secretary of State's Office by the courts) or you may mail it to Secretary of State, 2701 S. Dirksen Parkway, Springfield, Illinois 62723. A Failure to Pay fine stop will prohibit you from renewing your driver's license or from changing your driver's license information. Since this is not a suspension of driving privileges, there is no reinstatement fee required.

Illinois law allows a person with a valid instruction permit issued in another state to drive a vehicle when traveling through our state, as long as that person is driving within the parameters of the permit and has the permit in their immediate possession.

Most states reciprocally recognize the Illinois instruction permit. You may, however, wish to contact the local law enforcement agencies of the state in which you will be traveling.

Formal Hearings

A formal hearing is required for a driver whose privileges have been suspended or revoked for an offense(s) involving a fatality or multiple DUI dispositions. A formal hearing request must be made in writing through U.S. mail. Faxes or email requests are not accepted. Petitioners are eligible for a subsequent hearing 90 days after their most recent hearing.

A hearing officer presides at a formal hearing at which both testimony and documentary evidence is heard. The officer is authorized to rule on all motions, administer oaths, subpoena witnesses or documents at the request of any party, examine witnesses and rule upon the admissibility of evidence. An order reflecting the recommendation of the hearing officer and the decision of the Secretary of State's office is issued. Decisions from a formal hearing are subject to the Administrative Review Law.

By law, a Formal Hearing Request must be accompanied by a non-refundable \$50 filing fee in the form of a check, money order or credit card payable to Secretary of State. Cash is not accepted. Upon receipt of a Formal Hearing Request and the filing fee, a hearing will be scheduled and a Notice of Hearing will be mailed to the petitioner. Terms and Definitions

Breath Alcohol Ignition Interlock Device (BAIID)

— A device installed on a vehicle that tests a driver's breath and prevents the vehicle from starting if alcohol is detected. A first-time DUI offender is required to drive with a BAIID if issued a Monitoring Device Driving Permit (MDDP) during his/her statutory summary suspension.

A person issued a Restricted Driving Permit (RDP) who has received in separate occurrences: 1) two or more DUI or reckless homicide convictions, or any combination thereof; or 2) one DUI or reckless homicide conviction and one statutory summary suspension; or 3) a single DUI conviction that involved great bodily harm in which alcohol/drugs were an element of the offense; or 4) was convicted of driving while revoked due to reckless homicide, is only allowed to drive a vehicle equipped with a BAIID. An exception is allowed for a vehicle owned by the person's employer and used for employment purposes only. A person who has two or more DUI convictions is also required to install a BAIID for five consecutive years (1826 consecutive days) on all vehicles owned, co-owned, leased and operated as a condition of an RDP issuance.

DUI disposition — A conviction or supervision, an implied consent or a statutory summary suspension for driving under the influence, or a conviction for reckless driving reduced from DUI, or reckless homicide or fatal accident if alcohol/drugs were shown to be a factor, occurring in any state.

Consultation — First step in applying for reinstatement of driving privileges or an RDP after suspension or revocation. Takes place with an informal hearing officer, who reviews the applicant's driving record and explains the documents required to apply for reinstatement of driving privileges or an RDP.

Denial — Denial of any request for reinstatement or an RDP.

Eligibility date — Date a driver may be considered for reinstatement following revocation or extension order. If "pro. elig." indicates N/A, the driver is ineligible for reinstatement of driving privileges.

Formal hearing — Required for a driver whose privileges have been suspended or revoked for an offense(s) involving a fatality or great bodily harm or multiple DUI dispositions. A formal hearing must be requested in writing along with a \$50 filing fee.

Informal hearing — Required for a driver whose driving privileges have been suspended or revoked for an offense not involving a fatality or for a single DUI disposition. Held on a walk-in basis.

Proof of financial responsibility — Minimum liability insurance is required before reinstatement or issuance of an RDP. Must be filed with the Secretary of State's office in the form of a certified policy of insurance, cash deposit or surety bond, and must be maintained for three years. Insurance must be submitted on an SR-22 certificate.

Restricted Driving Permit (RDP) — Partial restoration of driving privileges, which allows a person to drive in certain areas and at certain times for employment, support/recovery meetings; or to transport themselves, a family member or a child, elderly or disabled person living in his/her household for medical, day care or educational purposes when no other form of transportation is available. The driver must prove a hardship exists if they have not reached their eligibility date and submit proof of employment, support/recovery group meetings, need for medical care, elder, disabled person or day care verification; or an educational verification form and class schedule. If convicted and imprisoned for reckless homicide or aggravated DUI that was a proximate cause of a death, no relief may be given until 24 months after release from imprisonment. Drivers under age 21 convicted for DUI are not eligible for an RDP until one year from the effective date of revocation.

Revocation — Loss of driving privileges for an indefinite period. A driver may apply for an RDP but cannot apply for reinstatement until their eligibility date. To regain driving privileges, a driver must meet certain legal and administrative requirements.

Lifetime revocation — Permanent revocation after the fourth conviction for any combination of DUI, leaving the scene of a personal injury/fatal accident, or reckless homicide. Eligible for a restricted driving permit after serving five years under revocation from last/most recent revocation effective date or prison release date, whichever is later.

Reinstatement — Full restoration of driving privileges. Allows driving at any time and anywhere, provided the driver has obtained a valid driver's license and is not suspended or revoked or withdrawn in another state. **All revocations and most suspensions require a reinstatement fee.**

Statutory Summary Suspension (SSS) — Administrative suspension of driving privileges resulting from a DUI arrest. A BAC of .08 percent or more, any trace of impairing drugs, or failure to complete or refusal to test for alcohol or other drugs results in an automatic suspension, effective the 46th day from the date the notice is given to the driver. This is separate from other criminal charges against the driver. An MDDP can be granted to first-time offenders requiring BAIID installation.

Suspension — Loss of driving privileges for a period of time, generally not more than a 12-month period. A person may apply for an RDP to drive during a suspension; however, certain suspensions may not allow for an RDP.

Why not drink before I'm 21?

Underage drinking is illegal. In Illinois, it's illegal for a person under age 21 to buy, possess, or drink alcoholic beverages. Also, a person under age 21 who drives with ANY amount of alcohol in his/her system may lose his/her driving privileges. This type of suspension may affect future insurance rates and result in charges such as criminal misdemeanor, which may affect future education and employment.

Drinking makes you less mature. You are striving to become more mature in your behavior. Alcohol shifts you into reverse. When you put your brain to sleep with alcohol, you are less apt to try to cope and are less able to cope.

Alcohol may damage your hypothalamus. The hypothalamus is the part of your brain that controls your "autonomic nervous system." It regulates heartbeat, breathing and other bodily functions. If you drink before that part of your brain is mature, you may permanently damage it. If this happens, you will never reach your full potential. It also may make it easier for you to become addicted to alcohol.

Alcohol takes away your natural inhibitions. Alcohol removes more of your control, so you do silly things that you may regret later — like saying the wrong thing, passing on a hill or a curve, or taking more alcohol or other drugs.

You could develop a serious alcohol problem. The younger a person is when he/she starts drinking, the quicker and easier he/she may become a problem drinker. If there is alcoholism in your family, the chances are even greater.

You have an influence on others. By not drinking or using other drugs, you can be a good role model for your peers and for young children.

ALCOHOL/DRUG EDUCATION & AWARENESS PROGRAM

USE IT & LOSE IT

STUDY GUIDE

Obtaining a Restricted Driving Permit

As a condition of the issuance of a Restricted Driving Permit (RDP) for a driver's license suspension imposed under Section 11-501.8 of the Illinois Vehicle Code, you must complete the Secretary of State Alcohol/Drug Education & Awareness Program, which consists of a review of this study guide and successful completion of a questionnaire administered by a Secretary of State hearing officer.

Once a petitioner becomes eligible (see below), he/she may apply for an RDP to be used during the remainder of the suspension for employment, medical or educational purposes. An "undue hardship" must exist, such as extreme difficulty getting to and from work, school or regularly scheduled medical visits. It also applies to an inability to fulfill a requirement for on-the-job driving. There must be no reasonable alternative means of transportation available to the petitioner. An undue hardship does not exist simply because the petitioner's driving privileges are suspended.

For a list of facilities, hours and available hearing officers, visit www.cyberdrivillinois.com. Please call the location to ensure that a hearing officer is available. For more information regarding the informal hearing process, please contact an informal hearing officer.

RDP Eligibility

Eligibility for an RDP is determined by the length of your suspension.

1. If your license was suspended for three or six months, you may apply for an RDP 15 days prior to the beginning date of the suspension.
2. If your license was suspended for 24 months, you may apply for an RDP 45 days prior to the end of the first 12 months of the suspension.
3. If your license was suspended for 12 months, you are not eligible to apply for an RDP during the suspension.

Questionnaire

When you appear for a hearing, you must complete a questionnaire based on the information in this study guide and achieve a score of 75 percent or more before you are granted a hearing. If you score below 75 percent, you must wait at least one day to try again. If you are under age 18 and unmarried, parent/legal guardian consent is required prior to your hearing.

Documentation

At the time of your hearing, you must submit the following documentation:

1. Sworn Report completed by the law enforcement officer at the time of your arrest.

2. If your blood-alcohol concentration (BAC) from a chemical test taken when you were arrested was .04 or more, you must submit one of the following applicable documents:

- Investigative Alcohol and Drug Evaluation (BAC of .04-.079)
- Alcohol and Drug Evaluation Uniform Report (BAC of .08 or higher)

Only original documents that bear your original signature and/or that of the author of the document, as applicable, are accepted. If you lose an original document, you may be able to obtain an original duplicate from your service provider. For more information, please see an informal hearing officer.

Rehabilitation

You also must complete any recommended and/or required rehabilitative activity pertaining to your evaluation's classification of your use/abuse of alcohol/drugs, or provide a written waiver, prior to a hearing.

Informal Hearing

When you have met the eligibility requirements for an RDP, you are prepared to complete the questionnaire, and have obtained all required documentation, you may visit a Driver Services facility to request an informal hearing.

Review of the Laws

“Use It & Lose It” — Zero Tolerance

The “Use It & Lose It” law in Illinois established that any driver under age 21 caught with any trace of alcohol in his/her system will lose his/her driving privileges and may be charged with driving under the influence of alcohol or drugs (DUI) if he/she has a blood-alcohol concentration of .08 or more or other indications of impaired driving.

Following issuance of a uniform traffic citation, Illinois law allows a police officer to require a breath test from a driver under age 21 if the officer has probable cause to believe that the driver has been drinking. If the driver refuses the test or the test reveals any measurable alcohol level, the driver is subject to sanctions including the loss of his/her driver’s license.

A person whose driving privileges have been suspended under Section 11-501.8 of the Illinois Vehicle Code is not eligible for restoration of full driving privileges until the expiration of:

- Six months from the effective date of the suspension for refusal or failure to complete a test(s) to determine alcohol concentration.
- Three months from the effective date of the suspension for a chemical test that disclosed an alcohol concentration of more than 0.00.
- Two years from the effective date of the suspension for a person previously suspended under Section 11-501.8 who refuses or fails to complete a test(s) to determine alcohol concentration.
- One year from the effective date of the suspension imposed for a person who has been previously suspended under Section 11-501.8 following submission to a chemical test(s) that disclosed an alcohol concentration of more than 0.00.

Illegal Possession/Transportation

It is illegal in every state for persons under age 21 to purchase or possess alcoholic beverages. It also is illegal to transport alcoholic beverages in the passenger area of a vehicle unless the beverages are in their original sealed containers. No matter whom the alcohol belongs to, the driver of the vehicle can be charged with illegal transportation and any passenger can be charged with illegal possession. The driver of the vehicle will receive a 12-month driver’s license suspension for a first offense. A second offense will result in revocation of your driving privileges and vehicle registration.

Parental Responsibility

It is a Class A misdemeanor, with a possible fine of \$1,000 and/or up to 364 days in jail, to knowingly allow individuals to gather at a residence when the individuals are under age 21 and drinking.

Parental Consent/Withdrawal of Consent

Drivers ages 16 and 17 must have parent/legal guardian consent in order to obtain a driver’s license. A parent/legal guardian may revoke consent for the minor to hold a driver’s license at any time, for any reason, until the driver turns 18 by contacting the Secretary of State’s office. Driving privileges will not be reinstated until the parent/legal guardian who withdrew consent once again provides consent or until the driver turns 18, whichever occurs first.

Nighttime Driving Restrictions

State law establishes the following nighttime driving restrictions for drivers under age 18:
Sun.-Thurs., 10 p.m.-6 a.m.; Fri.-Sat., 11 p.m.-6 a.m. (local curfews may differ).

Alcohol Facts

Alcohol is a central nervous system depressant. It is the mood-altering ingredient in wine, beer and distilled liquor. Because it contains calories, it is considered a food, but the calories in no way contribute to good nutrition. A 12-ounce bottle of beer contains approximately the same amount of alcohol as 5 ounces of wine, or 1 1/2 ounces of 80-proof liquor. Alcohol is absorbed in the blood stream and transmitted to all parts of the body.

Several factors influence the effects of alcohol, including the amount of alcohol consumed, the rate at which it is consumed, the presence of food in the stomach, and the individual’s weight, mood and previous experience with the drug.

- With moderate drinking a person may experience dizziness, dulling of senses and impairment of coordination, reflexes, memory and judgment.
- Taken in larger quantities, alcohol may produce staggering, slurred speech, double vision, dulling of senses, sudden mood changes and unconsciousness.
- Taken in much larger quantities over a short period of time, death may occur due to depression of the parts of the brain that control breathing and heart rate. It also may cause damage to the liver, heart and pancreas.
- Excessive alcohol use may lead to malnutrition, stomach irritation, lowered resistance to disease and brain or nervous system damage.

According to the American Medical Society, “Alcoholism is a chronic, progressive and potentially fatal disease. It is characterized by tolerance and physical dependency or organ changes, or both — all direct or indirect consequences of the alcohol ingested.” Increased tolerance to alcohol may lead to physical dependence. At that point, alcohol becomes a part of a person’s normal function. Physical dependence is characterized by the presence of withdrawal symptoms when use is discontinued suddenly.

Alcohol is an addictive drug. When taken in sufficient quantities, the body becomes adapted or accustomed to its presence. Drinking as much as a quart of liquor daily for one week can create a state of dependence. After dependence has been established, if drinking is stopped, there will be withdrawal symptoms.

One way to end the withdrawal is to take more of the addictive drug/alcohol. Over a period of time, it is necessary to increase the amount of the drug in order to ward off withdrawal.

Because alcohol is a depressant, symptoms are often those of an agitated state. Persons withdrawing from the use of alcohol are jumpy, edgy, irritable, hyped up. These symptoms are the exact opposite of alcohol’s depressant qualities.

“Use It & Lose It” and DUI Statistics

- Alcohol is a factor in at least 42 percent of all fatal crashes.
- Someone is killed in an alcohol-related crash every 45 minutes.
- Nationally in 2008, an estimated 13,846 people lost their lives in alcohol-related crashes.
- Nationally, 31 percent of drivers ages 15-20 killed in traffic crashes had been drinking.
- Nationally in 2008, a total of 5,864 drivers ages 15-20 were involved in fatal motor vehicle crashes, and 2,739 of them lost their lives. About 228,000 people were injured in those crashes.
- In 2008, 2,187 Illinois drivers under age 21 lost their driving privileges due to “Use It & Lose It” law violations.
- In Illinois in 2008, 80 drivers under age 21 were killed in motor vehicle crashes along with 76 passengers.
- Motor vehicle crashes are the leading cause of death for people ages 15-20.

Driver Record Abstracts Driver Services

Jesse White
Secretary of State

To obtain a copy of your driving record:

- The most efficient way to obtain your record is to purchase and print your driving record abstract using the Driving Record Abstract system. To use this service you must have a valid credit/debit card and a printer with the ability to print PDF documents. There will be a \$12 charge plus a payment processor fee. These records are certified and are the same record you would obtain in the postal mail or in person at one of our service facilities; or
- Visit a Driver Services facility, complete an Abstract Request Form, pay the \$12 fee and immediately receive your record. A payment processor fee of \$1 will be assessed for credit/debit cards; or
- Complete and postal mail your Abstract Request Form to: Secretary of State, Driver Analysis Section, 2701 S. Dirksen Pkwy., Springfield, IL 62723. Please include full name, date of birth, sex, and Illinois driver's license number along with the \$12 fee (payment by check or money order payable to the Secretary of State). Please allow 10 working days for processing.
- If you are out of state and do not have the ability to use our online service, a family member (parent/legal guardian, brother, sister, spouse, grandparent, child or grandchild) in Illinois may obtain a copy of your driving record at a Driver Services facility. The requestor must submit a notarized written permission of the person listed on the request form to obtain the driving record and pay the \$12 fee.

If you are a parent or legal guardian of a minor (under age 18) whose driving record you are requesting, you must submit notarized written permission from the person listed on the request form to obtain the driving record.

If you are an immediate family member (parent/legal guardian, brother, sister, spouse, grandparent, child or grandchild) of an adult (age 18 or older) whose driving record you are requesting must submit notarized written permission from the person listed on the request form to obtain the driving record.

To purchase another person's driving record:

- Visit a Driver Services facility, complete an Abstract Request Form and pay the \$12 fee (payment by check or money order payable to the Secretary of State). A payment processor fee of \$1 will be assessed for credit/debit cards. The abstract will be mailed to you in 11 to 15 days working days; or
- Complete and postal mail an Abstract Request Form to: Secretary of State, Driver Analysis Section, 2701 S. Dirksen Pkwy., Springfield, IL 62723. Please include the full name of the individual, date of birth, sex, and Illinois driver's license number along with the \$12 fee. Please allow 10 working days for processing.
