TRAINING PROGRAM DETAILS

Region: 4
■ Industry: Health Science
Program Name: License Practical Nurse
Agency: Springfield Urban League
■ Background Check: Must not be a registered sex offender, Must NOT have a violent felony conviction
Description: This is a challenging and rigorous program designed to prepare competent, caring, and critically thinking graduates for entry level nursing positions in a variety of health care settings and to encourage commitment to personal and professional growth. It is a combination of nursing and selected general education courses. The nursing courses consist of classroom, laboratory, and clinical experiences providing care to clients in local health care agencies. Graduates will be able to provide direct care to clients in various stages of the life cycle. Upon satisfactory completion of the program, students (a) receive a Certificate in Practical Nursing and (b) are eligible to write the National Council Licensing Examination for Practical Nurses (NCLEX-PN). Graduates, who successfully complete the examination and meet all other state requirements, are able to work as licensed practical nurses. Some courses may not transfer to four-year institutions, but transfer opportunities exist for students pursuing an Associate Degree Nursing.
Length of Training <i>(The length of your training may be longer if you need classes to improve your math or reading skills.):</i> 32 weeks

TRAINING PROGRAM DETAILS

Region: 4

■ Industry: Health Science

Program Name: Certified Nursing Assistant

Agency: Two Rivers Regional Council of Public Officials

Career Information: Information about this career (<https://apps.il-work-net.com/cis/Clusters/OccupationDetails/100140?parentid=110800>)

■ Background Check: Must NOT have a violent felony conviction

Description: At JWCC, the nursing assistant curriculum includes classroom, lab and clinical experience in a long-term care facility, nursing home or hospital setting. All courses in the nursing assistant program must be completed with a grade of 80% or higher. The program is offered on an ongoing basis with both day and evening classes offered. Requirements for admission include a high school diploma or GED, successful completion of a reading competency test, good mental and physical condition including the ability to lift without any lifting restrictions confirmed by a physical exam, and passing the state mandated criminal background check. Students with English as a Second Language may require further placement testing to meet the Illinois Department of Public Health Standards. Nursing assistants are employed in hospitals, long-term care facilities/nursing homes, assisted living facilities, or as home healthcare aides. Nursing assistants employed in nursing homes are often the principal care givers and provide direct care to residents developing ongoing relationships and interacting with them in a positive, caring way. Home health aides help elderly, convalescent, or disabled persons to live at home instead of a health facility. In addition to providing personal care, the home health care nursing assistant keeps records regarding services performed as well as the patient's condition and progress. Upon successful completion of the JWCC Nursing Assistant program, a certificate of completion is awarded and the student is eligible to take the State of Illinois certification exam. Once a student successfully completes the required written competency examination, employment opportunities for certificate nursing assistants (CNAs) are excellent.

TRAINING PROGRAM DETAILS

Region: 4
■ Industry: Transportation, Distribution, and Logistics
Program Name: Truck Driver Training
Agency: Two Rivers Regional Council of Public Officials
 Career Information: Information about this career (https://apps.il-work-net.com/cis/Clusters/OccupationDetails/100341?parentId=111600)
■ Background Check: Background Check is not required for this training/career path
Description: The Truck Driver Training Certificate prepares students for the CDL examination leading to employment as Class A truck drivers. This program offers students the opportunity to attain a stackable college credential toward an AAS degree in Logistics and Operations Management. Students will learn the basics of logistics and supply chain management as well as the basic introductory information needed to acquire a Class A CDL. Students will gain in-depth knowledge and hands-on experience in the proper operation of Class A trucks. JWCC uses industry standard equipment for training and employs the latest technology, including an up-to-date computer lab. The JWCC Truck Driver Training program offers courses certified by the Professional Truck Driver Institute, 555 East Braddock Rd., Alexandria VA 22314, telephone 703.647.7015, www.ptdi.org . Students completing the program receive a certificate from the Professional Truck Driver Institute. Students are heavily recruited by many prominent companies, with most students being offered employment prior to completion.
Length of Training <i>(The length of your training may be longer if you need classes to improve your math or reading skills.):</i> 8 weeks
How Program is Offered: Day Classes
Pre-requisites: Math: => 6th Grade Reading: => 6th Grade Degree: N/A Language: N/A

TRAINING PROGRAM DETAILS

Region: 4
■ Industry: Manufacturing
Program Name: Welding
Agency: Two Rivers Regional Council of Public Officials
 Career Information: Information about this career (https://apps.il-work-net.com/cis/Clusters/OccupationDetails/100482?parentId=111300)
■ Background Check: Background Check is not required for this training/career path
Description: The Basic Welding Certificate includes reading and interpreting welding symbols and blueprints, thermal cutting, flux core (inner and dual), spray transfer, safety, and basic MIG. Students will also sit for their OSHA-10 General Industry certification and Manufacturing Skill Standards Council safety certification. This program prepares students for a SENSE I credential in several welding practices from the American Welding Society. Graduates from this certificate program can directly enter the workforce and ladder coursework into JWCC's Manufacturing Technology Associate in Applied Science degree, which is transferable to Western Illinois University, Northern Illinois University, Missouri Western State University, Southern Illinois University, Governors State University and University of Northern Iowa. Welding training programs in the region are minimum of 16 semester hours. Students are trained in the skills needed to gain employment as a welder. The skills included are reading and interpreting welding symbols and blueprints, basic MIG and TIG welding, commercial welding practices, and principles of welding safety.
Length of Training <i>(The length of your training may be longer if you need classes to improve your math or reading skills.):</i> 16 weeks
